Welcome to the new IAP2 Global Learning Pathway.

The IAP2 Global Learning Pathway (GLP), is learner centric – you decide what your learning journey will look like, aligned with your career, and what courses you take and in what order.

Based on competencies that practitioners worldwide had indicated were key to doing P2/engagement work, the GLP is a suite of courses designed to grow and change as the practice and practitioner’s needs evolve.

Choose your own adventure!

**STEP 1** - Identify which level is most appropriate for you as a starting point on the pathway – then take the relevant prerequisite course

**STEP 2** - Do you want to complete a Global Certificate in P2/engagement?

> If yes, choose from the Core courses and available electives

> If no, choose any course at any level

**STEP 3** - Continue to grow and learn by taking the training on the pathway that meets your goals

Prerequisite courses and Core courses that contribute to the IAP2 Global Certificate in P2/engagement are indicated in bold.

Also available are P2/engagement for Allied Professionals and P2/engagement for Senior Leaders – workshops designed specifically for these audiences.

Check face to face / virtual delivery options in your region. Days indicated are guidelines only.
