Report of the IAVS Award Committee over the year 2020

Joop Schaminée, chair

With regard to the activities of the Award Committee, actually almost nothing has happened in 2020, because of Covid. The celebration of the Honorary Membership of Valeria Pillar has been postponed to the next physical meeting, so probably to 2022. At that occasion, Valerio will receive the attached drawing by Ed Hazebroek. This year, it has been the intention to nominate someone (Peter Reich) for the Alexander Humboldt Award, but this has not been worked out yet. We think that we will have to postpone this (with the celebration) also to 2022. As was told to me by the Governing Board, Peter Reich has not been asked yet for accepting this nomination.
