Are you happy to use Excel for calculating royalties?

Do you have an accurate grasp of what rights you've acquired and what rights you have permission to sell?

Are you sure you have been able to fully monetize the rights you own?

Are you satisfied with the way your contracts are managed?

Are you able to properly identify incoming rights payments and accurately do the author / publisher splits?

For an affordable, competitive monthly fee, you can have all of the above and more!

If the answer to any or all of the above questions is 'no', then it is time to consider Klopotek's STREAM apps for Contracts, Rights, and Royalties. Handle all crucial tasks from rights acquisition, contract creation, and royalty accounting to rights selling and rights accounting with fast and intuitive cloud-based apps on STREAM – by using a slick, smart, pre-configured system in the Cloud at genuine low cost. For all types of publishers – for you.

Klopotek CLOUD

for Contracts, Rights, and Royalties

What will you get? Choose the best-of-breed approach to managing Contracts, Rights, and Royalties

Klopotek CRR (Contracts, Rights & Royalties) is used for calculating the royalties for more than 1.9 M author contracts on more than Euro 5.0 B publishers' revenue annually. It is the preferred solution of the publishing industry. We contribute to the success of more than 400 publishers with more than 3,000 imprints, with over 24,800 users, in 140+ locations.

Using Klopotek for CRR, publishers benefit from accurate contract document management & better author relationships, from an

optimal preparation for royalty calculation periods, and faster royalty runs – and so much more ...

STREAM development follows an impressive, exceptionally user-centric approach that creates an unrivaled user experience on top of the functional power of the Klopotek solution.

Klopotek Cloud makes available a large number of STREAM web apps via your browser: It has never been so easy to employ a Rights Sales Solution, to acquire rights while ensuring compliance, to manage (various versions of) contracts even at granular level, and to provide reliable, detailed royalty statements your authors will be pleased with.

How does it work? State-of-the-art support for your publishing processes at low cost

As Klopotek Cloud makes use of a shared organization and infrastructure, it is a cost-effective alternative to operating a system on premise.

Your data is available to you only; our data centers provide a high level of security.

Start working immediately, in an easy way, using a configuration based on best practices; the number of your processes in the Cloud can grow with your business requirements.

STREAM, our modern, cloud-based platform for a great User Experience on any type of device, is operated on a shared instance (available 24/7) providing process optimization and a fast roll-out.

Training made easy

During your 4-week trial period, you'll get one hour of daily training for two weeks from one of our experts. A Q/A session concludes each week. After the trial period, information sessions continue and are available for free (a special benefit for IBPA members). Additionally, in-depth training can be ordered to take place in the form of personal workshops or as web training sessions.

Klopotek Cloud makes use of STREAM technology. The learning curve for STREAM is minimal, so users are trained and can be productive in short time. Plus, as a result of our unified design approach, if you know how to use one app, you know how to use all apps.

Opting for Klopotek Cloud (standard version) will give you 24/7 access to these STREAM web apps / features
