## More Diversity in the Publishing Industry = More Diverse Books

*Every page in this catalog represents a \$40 donation to  
We Need Diverse Books' Internship Grant Program*

The Independent Book Publishers Association (IBPA) is once again proud to partner with We Need Diverse Books (WNDB) to help diversify the publishing industry by providing supplemental grants to interns from marginalized backgrounds. At 40 pages, this spring 2022 "Indie Titles for Your Consideration" catalog raised \$1,600 on behalf of IBPA member publishers for WNDB's Internship Grant Program.

WNDB Internship Grantees are part of a cohort that includes an introductory Internship Grant Bootcamp, various professional development and networking events, publishing panels, and organized partner mentor/mentee meetings. Since 2015, 65 percent of WNDB grantees have continued their work in publishing, with seven already acquiring books of their own.

By changing who is at the publishing table, WNDB's goals align with IBPA's DEI commitment which acknowledges that the legacy of the book publishing industry is one of privilege, bias, and exclusion, which has significantly affected the books that are traditionally published.

IBPA members include independent publishers, hybrid publishers, self-published authors, university presses, and association presses. We hope you'll take some time to explore their titles featured in these pages. With over 110 books to choose from, there's something for every reader!

With respect and appreciation for all you do,

Angela Bole
