

It is a prerequisite that all persons supplying a service and/or attending site during Bump In or Bump Out of an event, where installation/dismantling, rigging, plant movement or any other construction related activities are taking place, must complete a GCCEC induction prior to entering the Loading Dock and event area before commencing work activities.

We encourage all Clients, Exhibitors and Contractors to complete the necessary induction online prior to their arrival. Alternatively, this induction can be completed on site at the entrance to GCCEC Security Control. **Please allow approximately 15-20 minutes to complete the Induction.**

GCCEC Sign In/Out - All persons attending site must sign in/out with Security before entering the event area and commencing works/activities.

GCCEC have different types of Inductions which depend on the task being performed.

Contractor – Used for contractors completing Low and High-Risk works.

<https://www.onlineinduction.com/gccec/register.php?inducteetype=1>

Exhibitor – Used for Exhibitors who are dressing and theming a stand during bump in/out.

<https://www.onlineinduction.com/gccec/register.php?inducteetype=4>

Visitor – Used for all visitors attending site during bump in/out where Low and High-risk construction work is being completed.

Previously Registered? - <https://www.onlineinduction.com/gccec/>

A screenshot of the GCCEC online registration form. The background of the form is a night-time aerial view of a modern building complex with a curved walkway. The title 'Registration' is at the top in white. Below it, a prompt asks the user to choose the type of induction. Three options are listed with radio buttons: 'Contractor Induction' (selected), 'Exhibitor Acknowledgement', and 'GCCEC Visitor Induction'. Each option has a brief description of the user's role. At the bottom right is an orange 'REGISTER' button.

Registration

Please choose which type of induction best describes your requirements.

- ☒ **Contractor Induction**
I am a contractor who is completing low and high risk work at GCCEC, e.g. manual handling, repairs, installation, gardening, plumbing, electrical work, construction, or similar physical work on site.
- ☐ **Exhibitor Acknowledgement**
I am an Exhibitor who is on site at GCCEC where low and high risk construction work is being completed, however I am not completing this work.
- ☐ **GCCEC Visitor Induction**
Visitor Induction
