WELCOME TO THE ICA'S 75TH ANNUAL CONFERENCE

Welcome to the 75th Annual Conference of the International Communication Association! We have over 3,500 in-person attendees and an additional 200-plus participants tuning in from remote locations around the globe (plus eight regional hubs). The conference theme chosen by our president-elect **Thomas Hanitzsch**, *ICA@75: Disrupting and Consolidating Communication Research*, is an invitation to critically reflect on communication studies as a discipline and ICA as an agent and site of disciplinary development.

The 75th opening plenary session, "**ICA@75: Looking Back, Forging Ahead**" (Thursday evening, 12 June, 18:00 – 19:15, Centennial C), starts the conference and will be presented as a hybrid session for our remote participants as well. This panel features **Jefferson Pooley** (U of Pennsylvania), **Cherian George** (Hong Kong Baptist U), **Robin Mansell** (London School of Economics & Political Science), and **Hanan Badr** (U of Salzburg), in a wide-ranging discussion on the history and future of communication as a discipline, moderated by Thomas Hanitzsch (LMU Munich).

New members, students, and all those wanting an overview of ICA, the conference, and our place in the field of communication should be sure to attend the hybrid session, "**ICA New Member and Student & Early-Career Scholar Orientation**" (Sat, 14 June, 9:00 – 10:15, Centennial C). This session is designed for all members and provides an occasion to raise questions regarding how the association works. It will also include a general overview of ICA as an organization, an overview of the conference, and ways to participate further in ICA. This is your opportunity to interact with the Executive Committee of ICA and help shape the association and its future direction! You can also catch the Executive Committee members one on one at the annual ice cream social (Sun, 15 June, 13:00 – 13:30, Exhibit Hall, Centennial D).

Another annual event to look forward to are the three **ICA-wide Interactive Paper/Poster Sessions**. All three sessions will be from **13:30 to 14:45 on Fri, June 12, Sat, June 13, and Sun, June 14, in Centennial Foyer**. They will feature over 30 individual papers each day, encompassing all of ICA's divisions and interest groups. Each day will highlight a best poster winner and runner-up whose posters will stay up for the entirety of the conference.

The (HYBRID) 75th Annual ICA Presidential Address, Fellows' Induction, Awards Ceremony, and Member Business Meeting (Sat, 14 June, 16:30 – 17:45, Centennial E) features annual awards presentations, induction of new ICA Fellows, and the presidential address from **Silvio Waisbord** (George Washington U).

In addition to the breadth and depth of scholarship, we have a fantastic 75th Anniversary Timeline, a fun "ICA History Museum" full of official artifacts (and some fun tchotchkes!), and a special mini-documentary that will make its debut at the opening plenary.

Closing out the conference, join us at the **75th Anniversary Closing Toast (Mon, 16 June, 16:30 – 17:30, Centennial Foyer)**.

As always, we have made every effort to make the conference accessible to remote and onsite attendees with various accommodations made for hearing, vision, and medical conditions, as well as maximizing inclusion and belonging of LGBTQIA+ scholars, Black and indigenous scholars, neurodivergent scholars, and others. Please check the Conference Inclusion and Accessibility section of this program for more information on the time and location of AA meetings, the quiet and religious observance room, the nursing parents' room, childcare and the family play zone, gender-neutral restrooms, and more.

Lastly, we want to thank all of you who worked to overcome numerous funding, logistical, and political obstacles to make it to our 75th Anniversary conference, who persevered with your plans to attend in the United States despite numerous opportunities to bow out and multiple factors that may have given you pause. We also thank those of you who *couldn't* make that work, but who were willing to follow the new pathways we created to ensure you could participate online. We value ALL of your voices and your perspectives, and it is our sincere hope that the diverse programming at this conference will generate intellectual growth, thought-provoking engagement, and a memorable experience for everyone involved, and that each of you will come away from this conference energized, full of new ideas, and with positive memories of your ICA community. Whether you are joining us in person in Denver, online as an individual (from the comfort of your home), or from a regional hub, we can't wait to see you!

WELCOME FROM THE CONFERENCE PLANNER

Welcome to Denver! Welcome to the 75th conference of the International Communication Association!

This year's ICA conference theme is *ICA@75: Disrupting and Consolidating Communication Research*. The theme was intended to provide multiple opportunities to critically reflect on our field of scholarship and the role of ICA in shaping it. The sessions addressing the theme honor the institutions, thinkers, and ideas that contributed to the foundation of the discipline and engage in a thoughtful examination of the field's development, including the paths it has taken and those it has overlooked.

I am delighted that the theme call attracted such an impressive number of submissions. Eleven theme panels made it into the conference program, where you will find them under "ICA@25 Theme Sessions." The titles of many of these panels explicitly pick up on the theme's framing, leveraging on the productive dialectics of "disruption" and "consolidation." Furthermore, the theme has sparked an impressive range of pre- and post-conferences and conference papers submitted to the 33 ICA divisions and interest groups.

Judging from the titles and descriptions in the conference program, conversations in these sessions gravitate around the history of our field and ICA, the future of academic publishing and our meritocratic system, the emotional toll brought on by the high productivity demands, persistent social and global inequalities in scholarship, the new challenges posed by generative AI to the scholarly world, and other issues central to disciplinary development.

When we, in early 2024, decided to put the notion of "disruption" in the conference theme, we could not have anticipated what eventually happened in the United States one year later. We have witnessed a massive attack on academic freedom, the integrity of science, and higher education in the country. It is worth noting, however, that higher education is under attack in many places in the world, as the 2025 update to the global [Academic Freedom Index](#) demonstrates.

In response to these developments, we created additional space at ICA25 for our members to engage in conversations about threats to academic freedom, the potential implications for ICA, and possible responses by the scholarly community. Let me point your attention to three sessions that will address these more recent developments:

The first of these panels, *Science Under Fire*, moderated by **Jessica Piotrowski** (U of Amsterdam), will follow up on a similar panel held at ICA24. The session broadens the conversation to address the growing challenges communication scholars face as they navigate a climate of heightened scrutiny and hostility. The panel brings together experts from across the globe and various domains of communication studies, including **Dhavan Shah** (U of Wisconsin - Madison), **Hanan Badr** (U of Salzburg), **Saskia Witteborn** (The Chinese U of Hong Kong), **Jiyoung Han** (KAIST), and **Amanda Thir** (Western Sydney U). With concrete (and sometimes harrowing) stories, the discussion aims to shed light on the lived experiences of affected researchers, fostering a deeper understanding of the systemic issues at play. Ultimately, the panel aims to identify actionable solutions and explore what ICA can do to support scholars and uphold the integrity of communication research in an increasingly contentious environment.

The second panel, *U.S. Academy Under Attack: Challenges, Implications, and Ways Forward*, will explore the significant changes and challenges facing education in the U.S. since January 2025. The session focuses on universities across the country suffering from systematic defunding, ideological pressure, and state interference. Panelists discuss the administration's restrictive immigration policy, which has affected international students, some of whom ended up in detention for expressing political views differing from those of the administration. The panel will delve into these pressing issues, discuss their implications, and consider potential pathways forward for education in this evolving landscape. Put together by **Kate Kenski** (U of Arizona) and moderated by **Daniel Kreiss** (U of North Carolina), panelists include **Heesoo Jang** (U of Massachusetts-Amherst), **Regina Lawrence** (U of Oregon), **Josephine Lukito** (U of Texas, Austin), **Rebekah Tromble** (George Washington U), **Josh Pasek** (U of Michigan), **Sarah Shugars** (Rutgers U), and **Mike Wagner** (U of Wisconsin-Madison).

The third panel, *U.S. Policy Climate and Far-Right Pressure Tactics: The Impact on International Scholars and Strategies of Resistance*, is a hybrid session based on a collaboration between the ICA Oceania Hub in Aotearoa, New Zealand, and the main ICA conference. The panel addresses the ongoing attacks on higher

education in the U.S., focusing on the immediate consequences and long-term implications for international communication scholarship, the academic freedom of communication scholars, and ICA as a key player in the field. As far-right pressure tactics are particularly threatening scholarship exploring critical questions around race, gender, ethnicity, decolonization, and whiteness, the panelists will explore strategies of resistance to these threats and discuss adequate courses of action for individual researchers, universities, and scholarly associations. The session, moderated by **Noshir Contractor** (Northwestern U), brings together scholars from around the world, including **Mohan Dutta** (Massey U), **Ingrid Bachmann** (Pontificia U Catolica de Chile), **Ahlam Muhtaseb** (California State U, San Bernardino), **Hanan Badr** (U of Salzburg), **Mohsin Hassan Khan** (Bahria U Islamabad), **Nia Sarinastiti** (Atma Jaya Catholic U of Indonesia), and my humble self.

Furthermore, as the association celebrates its 75th anniversary, I am delighted to report that we will offer a new feature at the Denver conference: the *ICA@75 Digital Exhibition*, which presents a selection of digitized historical materials curated by **David W. Park** (Lake Forest College), **Dominique Trudel** (Audiencia U), **Samantha Dodd Summerbell**, and **Jeffrey Pooley** (both U of Pennsylvania).

Many people have worked very hard for this conference. Let me mention them in recognition of their contribution to the success of this conference: First, I would like to express my deepest gratitude to our amazing headquarters team, including Executive Director **Laura Sawyer**, Associate Executive Director **Tom Mankowski** as well as **Jennifer Le**, **Katie Wolfe**, **Julie Arnold**, **Christopher Rochette**, and **Karly Senesac**. Our members also owe particular thanks to this year's Conference Theme Committee chaired by **Yariv Tsfat** (Haifa U), our Local Host Committee led by **David Boromisza-Habashi** (U of Colorado, Boulder), and the hard-working **program planners** serving the 33 ICA divisions and interest groups.

Last but not least, I want to express my sincere appreciation to **you**, the members of this amazing ICA community, for submitting your research to this conference. Your work makes the annual ICA conference the prime venue for research and intellectual exchange in our discipline.

Thomas Hanitzsch (LMU Munich)
President-Elect

WELCOME FROM THE LOCAL HOST COMMITTEE

The ICA 2025 Local Host Committee is thrilled to welcome you to Denver! We look forward to celebrating ICA's 75th anniversary with you at this year's convention in the Mile High City. In this landmark year, we are looking forward to lively discussions about how the field's history has been shaped by processes of disruption and consolidation, and to exploring the latest advances in communication research.

We honor and acknowledge that the land on which the convention will be held is the traditional territory of the Ute, Cheyenne, and Arapaho Peoples. We also recognize the 48 contemporary tribal nations that are historically tied to the lands that make up the state of Colorado.

Denver's own history serves as a fascinating microcosm of the constant flux we navigate in our rapidly changing world. From its humble beginnings as a gold rush boomtown in the mid-19th century, springing up almost overnight in a quest for fortune, to becoming a "cow town" due to increased livestock trade with the arrival of railroads in the 1870s, to its notoriety as a Ku Klux Klan stronghold in the 1920s, and its evolution into a major metropolitan hub for technology, aerospace, and outdoor recreation and a center for liberal politics in the American West, Denver has constantly adapted and reinvented itself. We hope Denver's spirit of constant change will inspire reflection on ICA's 75-year history.

We understand that conventions are not just about research; they are also about connection. Beyond reconnecting with old friends and colleagues, we encourage you to forge new connections with researchers affiliated with universities including the University of Colorado Denver (CU Denver), University of Denver (DU), Metropolitan State University of Denver (MSU Denver), Colorado State University (CSU), the University of Colorado Boulder (CU Boulder), and the University of Colorado Colorado Springs (UCCS).

We also encourage you to explore Denver's many attractions if you are attending the convention in person. Whether you are interested in world-class museums like the Denver Art Museum, the historic charm of Larimer Square, or the lively atmosphere of the 16th Street Mall, you will find plenty to captivate your interest. For those who enjoy the outdoors, a short drive will take you to breathtaking trails in Golden, Boulder, or even higher into the Rockies for unparalleled scenic vistas around the town of Estes Park. Consider a visit to Red Rocks Amphitheatre, an iconic venue renowned for its natural acoustics and stunning geological formations, and to the Garden of the Gods, a designated National Natural Landmark in Colorado Springs.

Thank you for joining this year's convention to share your insights and ideas. We hope your time is both professionally rewarding and personally enjoyable.

DENVER CITY COUNCIL LAND ACKNOWLEDGEMENT

The Denver City Council honors and acknowledges that the land on which we reside is the traditional territory of the Ute, Cheyenne, and Arapaho Peoples. We also recognize the 48 contemporary tribal nations that are historically tied to the lands that make up the state of Colorado.

We honor Elders past, present, and future, and those who have stewarded this land throughout generations. We also recognize that government, academic and cultural institutions were founded upon and continue to enact exclusions and erasures of Indigenous Peoples.

May this acknowledgement demonstrate a commitment to working to dismantle ongoing legacies of oppression and inequities and recognize the current and future contributions of Indigenous communities in Denver.

Posters: Poster sessions will be held on the third floor of the Hyatt Regency, sharing the same space with the registration area in Centennial Foyer next to the Exhibit Hall in Centennial D.

Opening Reception: Everyone attending ICA's 75th Annual Conference is invited to participate in the opening reception on Thursday evening, immediately following the opening plenary session. This is the first opportunity to connect with colleagues, eat delicious food, and make plans for the remainder of the conference. This annual can't-miss event will be located on the third floor of the Hyatt Regency in Centennial EFG & Centennial Foyer.

Special Events: Special events include not only the ICA-sponsored opening reception, closing toast, presidential address/Fellows' induction/awards, Kids' picnic, and ice cream social, but numerous receptions organized by ICA's 33 divisions and interest groups as well as receptions sponsored by journals, universities and colleges, communication departments, and other associations. Each conference also usually boasts one or two memorial events for beloved scholars who have passed in the last year, and the occasional film screening.

To Tweet or Not to Tweet? To Post or Not to Post? Many presenters are happy to have their talks and content shared on social media, but others aren't comfortable yet with "going public." What might be ready for a conference audience might not be ready for The World At Large. The ICA Board of Directors' policy is that each presenter can and should indicate a preference and that presenters' preferences should be respected.

To that end, we encourage you to make your wishes known at the beginning of your presentation. Please note that, as it becomes cumbersome to include all the social media icons for affirmative or negative requests, one should consider the "no post" or "ok to post" symbols as referring to all social media.

If you are comfortable with being the subject of social media posts, we recommend you indicate this at the beginning of your talk, both verbally and on your slides, possibly including your preferred social media handle so that you can be tagged.

If you are not comfortable having your information shared on social media, please include the "no posts" symbol on your first slide and call attention to this verbally. We also recommend placing the "no posts" symbol in the corner of any particular slides you wish not to be photographed, posted, or otherwise shared on social media (as this both alerts latecomers to the request and makes it obvious if someone does take a photo that they are doing so against your wishes, as the symbol will be in the photo).

COLLEGE OF COMMUNICATION
AND INFORMATION

PIONEERING RESEARCH, **EMPOWERING CAREERS**

Recognizing the needs of both working professionals and those looking for a traditional graduate school experience, the College of Communication and Information offers both fully online and in-person options. Graduate students can explore programs across CCI's four schools — the School of Communication Studies, the School of Information Sciences, the School of Journalism and Media, and the Tombras School of Advertising and Public Relations. Each school provides dynamic instruction and hands-on opportunities to ensure students thrive academically and gain the real-world experience they need to become innovative thinkers and leaders.

GRADUATE PROGRAMS INCLUDE:

- Master's degree with four concentrations in advertising, communication studies, journalism and media, and public relations
- Online master's concentration in strategic and digital communications
- ALA-accredited master's degree in information sciences
- Interdisciplinary PhD program

CONFERENCE POLICIES

Who pays the conference registration fee? Everyone. ICA is a voluntary, non-profit, tax-exempt NGO that qualifies for the U.S. Internal Revenue Service's 501(c)3 tax-exempt status. Its annual conference program is comprised almost exclusively of competitively selected papers. There are very few "invited" papers in any ICA conference program; thus, the ICA Board of Directors has established an "everybody pays" policy. That said, ICA does give out over US\$75,000 in travel grants each year based on need. If you would like to support travel grants, please consider donating or renewing as a Sustaining Member, through which a portion of your dues would support student travel.

Paper Distribution Center: The Paper Distribution Center (PDC) is available online through our virtual platform provider, Cvent. As part of your conference registration, you will have access to the virtual platform, where you can look up a paper and, if available, download its PDF. Conference papers will be available in this section for 60 days after the conference's conclusion.

ERIC: The Education Resource Information Center (ERIC) Clearinghouse is always interested in having papers from the ICA conference submitted for possible inclusion in the ERIC system. Authors may submit papers to ERIC directly: Coordinator of Documents, ERIC Clearinghouse on Reading and Communication Skills, 2805 East Tenth Street, Smith Research Center, Suite 150, Bloomington, IN 47408-2698 USA.

Audiovisual Equipment: ICA makes every effort to provide the audiovisual equipment needed for conference presentations:

- Each meeting room scheduled for an ICA presentation will have a screen and an LCD projector with an HDMI connection. If your laptop does not have an HDMI connection, please bring the appropriate adapter. The lectern will have cords for both video and audio. Because ICA has 30+ concurrent breakouts most of the time, presenters must run their presentations from their laptops or other mobile devices.
- Those holding non-session meetings (satellite events) in other rooms, who have not preordered AV equipment directly with the hotel or have last-minute needs, must arrange and pay for equipment themselves through the authorized audiovisual provider for this conference. ICA will not place new orders for equipment once the conference has begun.

Conference Code of Conduct: When registering for or accessing the conference mobile app, all attendees must indicate their acceptance of the [Conference Code of Conduct](#). Please review this document before your arrival.

CONFERENCE INCLUSION AND ACCESSIBILITY

ICA is committed to creating an inclusive, diverse, equitable, and accessible environment for all conference attendees. We want ICA to be a place where those with accommodation needs can not only participate but feel completely welcome, comfortable, and valued - to belong.

Because of the lead time required to accommodate additional requests, all specific requests (i.e. those not already covered in the sections below as standard) should have been received by **1 April**. Attendees who have not made advance arrangements for services or equipment can inquire at the ICA Registration Desk onsite. Every reasonable effort will be made to assist attendees onsite; however, ICA may not be able to provide all services or equipment requested after 1 April due to availability/the time required to obtain them.

Please see below for accommodations in place for ICA25, grouped by type of accommodation.

GETTING AROUND

All sessions for ICA25 will take place in either the **Hyatt Regency Denver** or **the Grand Hyatt**. The Regency houses approximately $\frac{2}{3}$ of the sessions; the Grand Hyatt houses $\frac{1}{3}$ of the sessions. Both venues are completely accessible with elevators to every level, as well as with escalators between session floors. The two properties are approximately two and a half blocks apart with wide sidewalks that have curb cutouts at every intersection. There are two major intersections to cross between the two hotels.

Car Park

For parking at the Hyatt Regency, please check their Parking & Transportation page (<https://www.hyatt.com/hyatt-regency/en-US/dencc-hyatt-regency-denver-at-colorado-convention-center/parking-and-transportation>).

For parking at the Grand Hyatt, please check their Parking & Transportation page (<https://www.hyatt.com/grand-hyatt/en-US/denrd-grand-hyatt-denver/hotel-info>).

Public Transportation

A-Line: Take the A-Line commuter rail from inside the airport to downtown, which will get you to Union Station, within one mile of all the hotels in our housing block, within 30 minutes door to door. The cost to ride the train is less than US\$11.00 and your pass can be used for the rest of the day on all Denver transit systems. **Right in front of Union Station, you can take the FREE "MallRide" 16th Street shuttle, which runs a circuit all day up and down 16th Street's pedestrian corridor, passing within a block or so of all our hotels.** Both the A-Line and the MallRide shuttles are ADA accessible.

Other options: The cab/Uber ride from the airport to downtown can be expensive, and traffic can take up to 45 minutes (the absolute fastest car trip from the airport to Hyatt Regency, if there is no traffic late at night, is 37 minutes). There are also shuttle bus companies that offer service between the airport and downtown, but they will also sit in traffic and thus will take longer than the train and won't get you any closer to your hotel (they also drop off at Union Station).

Taxi

Taxis can be hailed from the Ground Transportation station at the DEN airport upon arrival; the trip between the airport and downtown Denver is about 40 minutes. Once you are settled in, we recommend using Lyft or Uber apps to hail rides within downtown Denver.

Hotel Accommodation

All hotels in our housing block have accessible rooms readily available; please note your accessibility needs in the notes box when you make your reservation via the housing site.

HEARING ACCOMMODATIONS

Captioning/Transcription Services

Because of the sheer number of concurrent sessions (27+ separate rooms at any given time,), ICA is unable to automatically provide captioning for every session. However, we have a strong record of working with individuals who have specific needs to make sure that the sessions they plan to attend—and/or in which they are presenting—are made accessible to them.

Presentations

Each presentation or session should be designed and conducted with the full participation of all in mind. ICA suggests that all chairs and presenters take the steps necessary to make all programming accessible to their respective audiences. At ICA, no matter how small, all session rooms will have a lectern with a microphone. Even if the room is small, all presenters should please use the mics to help those who have hearing impairments, and chairs should repeat questions from the audience for everyone to hear in the larger rooms as well.

Seating

There will be preferred front-row seating clearly marked in all rooms as being saved for those with vision, hearing, or mobility needs.

MOBILITY ACCOMMODATIONS

Accessible Sleeping Rooms

ICA's room block includes a number of accessible sleeping rooms in each of the hotels in our housing block. Simply note this need in the comments box when you make your reservation in our housing block.

Presentations

Each presentation or session should be designed and conducted with the full participation of all in mind. All rooms will have a lectern with a microphone, a table with table mics for presenters to use (either for presentation if sitting is preferred, or during the Q&A), as well as a microphone stand in the audience for questions.

Seating

ICA will provide preferred front-row seating, clearly marked as being saved for those with vision, hearing, or mobility needs.

VISION ACCOMMODATIONS

Seating

Preferred front-row seating will be marked in all rooms as saved for those with vision, hearing, or mobility needs.

Presentations

Each presentation or session should be designed and conducted with the full participation of all in mind. ICA suggests that all presenters take the steps necessary to make all programming accessible to their respective audiences.

CHILD/PARENT/CAREGIVER ACCOMMODATIONS

ICAKids: Baby Feeding Room

It is important to know that you have the right to feed your baby wherever you see fit; you do not HAVE to find a private space for nursing. However, if you desire privacy, ICA has designated a private room at each Hyatt property for parents and caregivers who would like to feed their children in private. The room will be equipped with comfortable stuffed chairs, low lighting, an ottoman, a side table with a few supplies courtesy of ICA (like surface cleaning wipes, sanitary napkins and tampons, hand sanitizer, etc) and a mini refrigerator for storing breast milk and formula. **Please contact an ICA Staff Member for the location and instructions for access to the family room once you are onsite.**

- We ask that parents NOT dispose of soiled diapers/nappies in the wastebasket in this room, and to instead remove them to the restroom (where the trash is emptied more frequently due to higher traffic).
- Please do not request the key for this room just for a nappy change – there are pull-down changing facilities in the restrooms.
- Please clean up after yourself (including any spills) and leave the room just as you found it for the comfort of the next caregiver and child who use the room, including turning the sign back to “available” instead of “occupied.”
- If you find the room in need of cleaning, please alert a staff member at registration.
- Please label all liquids you place in the refrigerator and do not leave breastmilk in the refrigerator overnight. ICA cannot assume responsibility for spoiled or lost breastmilk or other items.

ICAKids: Childcare

The availability of affordable and accessible childcare is an inclusion issue that ICA takes very seriously. Now in its seventh year, the “ICAKids” Childcare Program is available for parents in need of childcare during conference hours. This service is heavily subsidized by ICA, with fees at a deep discount to all attendees

and completely free for student parents. To provide this service, ICA is partnering with a licensed childcare provider. More information on hours of operation and how to sign up for childcare will be available shortly and will be sent out to registered attendees and via the ICA newsletter. The childcare room will be located onsite at the Grand Hyatt (precise location will be disclosed to parents who sign up). **For evenings (and days/times not covered by ICA's subsidized daytime childcare)**, the concierge at your hotel will be able to connect you with a list of nannies/babysitters who can be hired to come to your sleeping room. For a multiplicity of reasons including insurance liability restrictions, ICA is not able to provide evening childcare.

ICAKids' Picnic

ICA Kids' + Family Picnic is on Sun, 15 June, at 11:30 at the Denver City Terrace on the fifth floor of the Hyatt Regency. Please RSVP here (<https://evite.me/tvSwRJeUWA>) by 18:00 on Thu, 12 June if you plan to attend. This free event for children and their parents/caregivers is a great place for academic parents to meet each other and for children to play together. ICA serves child-friendly foods and will schedule fun entertainment activities for the children.

NEW THIS YEAR!: ICAKids Family Play Zone

We are excited to announce a new offering for families at ICA25: the ICAKids family play zone is a bright, sunny room equipped with kid-friendly books and toys where parents and caregivers can take a break from the conference with their children, relax, and connect with other families. **This room is not supervised and should not be used as childcare - children may NOT be left unattended in this room. Those who require supervision for their child should sign up for ICAKids' Childcare Program (above).** Toys, books, seating, and a small table for self-provided meals and snacks will be provided - we ask that you not use this room for nappy/diapering changes, however, due to the facility's sanitation regulations (there are restrooms nearby with changing tables). Due to the types of equipment and toys available, we especially recommend this room for children ages 3 months to 8 years, though older children are welcome—with their parents/caregivers—as well. The ICAKids Family Play Zone will be located in the Silver Room on the 3rd Floor of the Hyatt Regency and will be open Thursday from 12:00 to 17:00, Friday/Saturday/Sunday from 9:00 to 17:45, and Monday from 9:00 to 12:00.

LGBTQ+ ATTENDEES

Colorado is one of the United States' most welcoming states for LGBTQ visitors and residents and was named one of the Top Five States in the Country in Out Leadership's 5th Annual State LGBTQ+ Business Climate Index.

- Beginning with Paris in 2022, ICA has been honored to co-sponsor the Annual LGBTQIA+@ICA reception with the LGBTQ Studies Interest Group. The co-chairs of the Interest Group serve as the event's planners, with input and financial backing via ICA's Executive Director, and have been able to host some amazing events at offsite queer hotspots in our host cities. All are welcome!
- The dates haven't been released yet for the 2025 Pride parade, but June is pride month so we'll keep an eye out for pride-related activities going on in Denver while we're there!

Gender-Neutral Restrooms

ICA has designated gender-neutral restroom facilities on each floor of the Hyatt Regency and Grand Hyatt. These restroom facilities are available for use by all persons, regardless of their gender identity. The facilities will be marked with special door signage. **Please help make these facilities and this meeting an inclusive space for transgender and nonbinary attendees by respecting the right of all genders to use any restroom that corresponds with their identity.** *This means that while there are gender-neutral restrooms listed below, transgender women and nonbinary attendees ALSO have the right to use the standard women's restroom (and transgender men and nonbinary attendees can use the standard men's restroom if they wish as well).* No one should question anyone else's right to be in a restroom; doing so will be considered harassment subject to ICA's Code of Ethics. If this occurs to you please contact Julie Arnold, Director of Governance & Member Services.

RESTROOMS are available throughout the venues on both floors. Some restrooms at the headquarters hotel (Regency) will also be designated as all-gender restrooms; unfortunately, the Grand Hyatt is small enough that there are not multiple restrooms on each floor, so they are unable to convert an additional restroom into a gender-neutral option.

Safety for LGBTQ+ Attendees in Denver

ICA is a diverse and overwhelmingly queer-friendly association, and we take care to choose conference venues in safe neighborhoods within cities with a high level of security and diversity. That said, if you experience harassment or aggression from anyone during the ICA conference due to your gender expression, identity, or anything else, please let us know immediately so we can help and provide support. Please email Director of Member Services & Governance, Julie Arnold and/or ICA Executive Director Laura Sawyer for assistance.

OTHER ACCOMMODATIONS (alpha order)

Alcohol Culture

ICA has made efforts in recent years to de-emphasize alcohol as a focus of social events in order to make socializing less stressful for those who are abstaining from alcohol consumption for whatever reason, and will continue to provide clearly marked, additional “water-and-soft-drinks-only” bars as part of the opening reception and other evening events. Divisions and interest groups, as well as satellite events such as university receptions, are encouraged to provide a non-alcoholic bar station as part of their events as well (however please note that these events are managed separately from ICA headquarters and adherence to this suggestion may vary). For the opening reception, each attendee will be given drink tickets. Alcoholic beverages count as one ticket; non-alcoholic beverages count as only half a ticket (the bartender will tear your ticket in half). Additional beverages (of both types) can be purchased with cash.

Alcoholics Anonymous (AA)

A Friends of Bill W. Meeting will take place in the Hyatt Regency from 7:30 to 8:30 daily. The meeting will be held in the Marble Boardroom (4th Floor) on Saturday and Monday and in the Quartz Ballroom (3rd Floor) on Friday and Sunday.

Allergies

ICA requires its venues to label all food provided for our conferences—whether during a reception or for mid-day coffee breaks—with the allergens involved in its preparation. If you have provided your allergy information to us, we have shared that with the venues - however, mistakes do happen so we recommend carefully reviewing all signage and, when in doubt, to refrain from eating something you’re not sure about. Please be sure to register your allergy information when you register for the conference so we have an accurate count.

Exercise Facilities and Pool

Both Hyatts have fitness centers and pools for use by hotel guests. The Grand Hyatt also has a rooftop running track. The three smaller, boutique hotels in our block—Populus, Aloft, and Magnolia—have fitness centers but not pools.

Fragrance-Free Environment

ICA requests that all participants refrain from wearing strong perfume, cologne, or other fragrances to promote a fragrance-free environment that benefits attendees with multiple chemical sensitivities.

Medical Needs: Hospital & Urgent Care

The closest large hospital with a trauma center is Intermountain Health St. Joseph’s Hospital, about 1.3 miles to the East.

If you have a non-emergency but “urgent care” need such as sore throat, a sprain, or other injury, the closest urgent care is Denver Health Downtown Urgent Care Center, which is only 500 feet from the Hyatt Regency (exit the Regency on California St, turn right, cross 15th and it’s halfway down the block on California). However, the hours are somewhat limited (mostly weekdays) - please be sure to check the link above for hours before stopping in. If that location is closed, the next closest urgent care is a 16 minute cab/Uber ride

from the Hyatt Regency and is open every day with longer hours: this facility, UCHHealth, also features an online system that allows you to book a spot to get in line in advance.

Mental Health and Substance Abuse Hotline

988 is a free, confidential service available to anyone in Colorado experiencing a mental health, substance use, or emotional crisis. One may contact the service by dialing 988 as a voice call or text, and you may reach on behalf of yourself or for someone you are concerned about, such as a friend, neighbor, colleague, or loved one. When you reach out to 988, you will be asked if you or the person you are calling for is a veteran or LGBTQIA+ (in case you might benefit from specialized counselors in those areas). Callers will be asked their name and phone number in case they get disconnected. Calling services are available in multiple languages; text services are currently limited to English only.

Narcotics Anonymous (NA)

A directory of NA meetings in the immediate downtown Denver area around the ICA hotels can be found here, <https://denverna.com/meeting-list/>.

Yoga

We are delighted to be able to offer yoga classes again this year, this time on-site, outdoors on the Denver City Terrace at the Hyatt Regency (5th Floor). The Plan B in case of rain is the Mineral Foyer (3rd Floor). Yoga will be available on Saturday and Monday from 8:00 to 8:45 at the Denver City Terrace on the fifth floor of the Hyatt Regency. Attendance is limited to the first 40 to arrive.

MEDICAL ACCOMMODATIONS

For those who have medical issues requiring more privacy (such as for ostomy-related maintenance or for insulin injections), we have two sets of single-use restrooms (i.e. a toilet and sink with a lockable door, as opposed to a row of stalls). At the Hyatt Regency (headquarter hotel), there is one single-stall, lockable bathroom on the 3rd floor near Mineral Hall and the 4th floor near Flagstone A & B.

Unfortunately, due to the Grand Hyatt's size, they only have one set of restrooms on each floor, and those are gendered ADA restrooms with stalls and urinals.

RELIGIOUS & CULTURAL ACCOMMODATIONS

Religious Observance/Multi-Faith Room

We know that travel can make adhering to religious observance tricky. We are providing a religious observance room (Mt. Wilson Room, 3rd Floor at the top of the escalators/across from the restrooms at the Grand Hyatt), which can be used for quiet religious observance or quiet contemplation for any faith. Any items needed for your personal use in prayer (such as malas, prayer mats, cushions, etc.) should be taken with you when you leave the room, as the room is not monitored and we cannot guarantee your items will not be misplaced. If you remove your shoes, please line them up along the wall at the doorway. Quiet meditation and yoga are also allowed in this room.

Religious Schedule Conflicts

Those with religious observations that affect their availability for certain conference sessions are asked to enter that information in the "Notes to Admin" comment box in their initial paper or session submission (this information is not viewable by those who are reviewing your work, only by planners and staff). You can go in and change this even after being accepted, as well, but it must be done prior to the first week of February, as we then close the system to schedule the program. If you are Orthodox and observe the Sabbath, for example, you may note this in your paper/session and ask that we not schedule your presentations between sundown Friday and sundown Saturday. We can, and are happy to, accommodate these requests 100% of the time as long as we have advanced notice. If you are reading this information after the deadline to make the request, you may contact Laura Sawyer to see if there is anything that can be done. We will work with you as much as possible to resolve the issue, with the caveat that once the schedule goes live, presenters book flights

and travel based on their presentation times so we are unable to move things around that change others' schedules.

Special Note Regarding Religious Holidays/Observances

The ICA conference typically takes place on the U.S. Memorial Day weekend – globally, this weekend has historically been a good weekend to get affordable prices locked in for our conference attendees. That said, this timing also sometimes overlaps with a religious holiday for some of our 4,000+ attendees from 80+ different countries. In Washington DC in 2019 the ICA conference overlapped with an important religious holiday, a situation which could not be corrected once it was discovered because the contract had been signed in 2014 and there was no ability to shift the dates. We make every effort to consider (and avoid treading upon) all global holidays as blackout dates for the conference in all future contracting, with the knowledge that we are nonetheless bound by the expectation among the ICA community that the conference will occur from late May to late June.

TRAVEL SAFETY

Travel Safety

As with any destination, it is important to:

- **Remove your badge when outside the venue/your hotel** (*this is the #1 mistake we see attendees making out and about!*) Be aware of your surroundings, especially if a stranger suddenly engages you in a lively conversation (often a distraction technique for pickpockets)
- Do not blatantly stare at maps/your phone's GPS while walking, which sends a clear message that you are a tourist.
- Take care when crossing the street, especially if traffic goes in a different direction than what you are used to at home.
- Be discreet about the cash you're carrying, and use your hotel safe to store your passport rather than carrying it with you if possible.
- As with any downtown area, safety can vary by neighborhood. If you do decide to stay outside the ICA housing block, please be careful when booking your lodging and cross reference your location with several sources to ensure you are in a safe area.

Harassment

ICA takes its attendees' and members' safety seriously. By registering for the conference, every attendee, exhibitor, sponsor, and speaker has agreed to abide by the [Conference Code of Conduct](#). You have the right to attend the conference without being the subject of harassment based on your ethnicity, gender, sexual orientation, or any other issue. **If you are being harassed, notice that someone else is being harassed, or have other concerns about inappropriate behavior, please contact a member of conference staff immediately.** Conference staff can most easily be found at the registration desk, and will be wearing ribbons that say STAFF (***please take care to find actual ICA staff and not student volunteers who may also be working in this area*** – volunteers are typically wearing round buttons that say "I'm a volunteer!"). You may also email both Julie Arnold, Director of Governance & Member Services, and Laura Sawyer, Executive Director, directly with any concerns. Information shared will be kept confidential. We will be happy to help participants contact hotel/venue security or local law enforcement, provide escorts, or otherwise assist those experiencing harassment to feel safe for the duration of the conference, and to take action to remove those acting inappropriately. **We reserve the right to revoke access to the conference for anyone harassing another individual.** We keep a record of all incidents and reserve the right to ban individuals from future conferences.

SHOULD A PROBLEM ARISE WHILE YOU ARE ONSITE AT THE ICA MEETING

If you have any problem or negative experience related to accessibility—including issues with housing, sessions, harassment, or any other accessibility-related issue that takes place within the conference venue or blocked hotel—please email Laura Sawyer (lsawyer@icahdq.org), ICA Executive Director and/or Julie Arnold (jarnold@icahdq.org), Director of Governance and Member Services. In addition to meeting these needs, we keep a record of all requests and our ability to meet them to improve each year; we also provide feedback on accessibility issues to our hotel partners and the cities in which we meet. Please note that a reply may not be immediate given the constraints and demands of our entire staff being onsite for the conference and in meetings for part of each day.

Stop by our booth at #ICA25 to meet #IAS_NUQ staff and to learn about our programs and opportunities.

The Institute for Advanced Study in the Global South (#IAS_NUQ) at Northwestern Qatar produces and promotes evidence-based storytelling on the histories, cultures, societies, and media of the Global South.

We are committed to advancing rigorous scholarship and creative mediamaking that sheds light on the complex dynamics of the Global South as a geographic, epistemological, experiential, and ethical space.

Scan to explore our programs, current opportunities, and #IAS_NUQ_Press publications.

Through fellowships, multimodal publications, and events, we amplify faculty and student scholarship, mentor future scholars, and advance knowledge that is both locally relevant and globally resonant.

Research at #IAS_NUQ is organized around four key themes: Genealogies and Epistemologies of the Global South, Arab Media, Culture, and Politics, Southern Digitalities, and Critical Security Studies.

Mother Media

Hot and Cool Parenting in the Twentieth Century
By Hannah Zeavin

An essential history for understanding how we mother now, and how motherhood itself became a medium—winner of the Brooke Hindle Award from the Society for the History of Technology.

ICA's "Little Free Library"

Much like the concept of Little Free Libraries in neighborhoods around the world, you can either take a book or give a book. You can keep it for as long as you like, and it's an honor system, no "check out" process and no late fees! But, this year will be the last year of the ICA "Little Free Library". Stop by and say farewell to the little library by taking a book home to cherish with you.

The Journal of Gulf Studies

General Call for Papers

The *Journal of Gulf Studies* invites submissions that promote interdisciplinary approaches within the context of area studies, with a specific focus on the Gulf region. We welcome academic articles, book reviews, and conference or symposium reports that align with the journal's mission and thematic areas.

Submission Guidelines

- **Academic articles:** 6,000–8,000 words
- **Book reviews:** 1,200–1,500 words
- **Conference/symposium reports:** 1,500–2,000 words
- All submissions must follow the Intellect Harvard citation style

To submit your work or learn more about our publication process, please visit our *Journal Editors and Contributors page* (via the QR code), which includes information on publishing agreements, copyright, accessibility, and more.

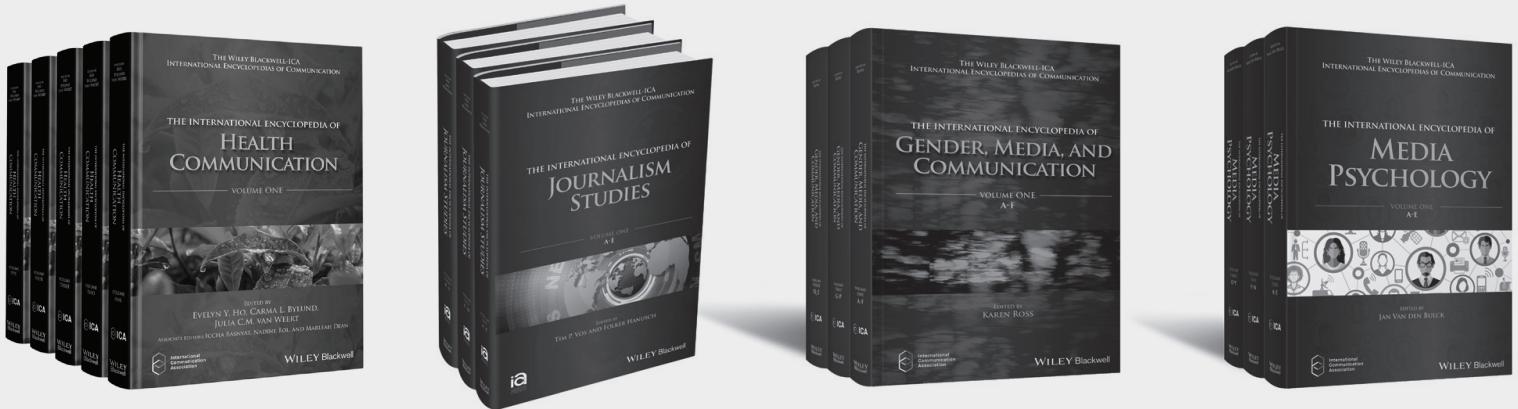

**We look forward to your contributions
and to building a rigorous, dynamic
scholarly conversation on the Gulf and
its global intersections.**
