WHY YOU SHOULD SIGN UP

- **Consolidate All of Your Subscriptions In One Place**

With Expend, those subscription costs can all be quickly eliminated for the next 6 months, freeing up cash flow for paying staff/suppliers, keeping the lights on, or any other essential business costs.
- **One Log In, One Solution**
 - Expend is a simple solution to a multitude of complex problems. Managing everything in one place to help keep an eye on the pennies, as it matters now more than ever.
- **Free Onboarding and Training**
 - A 1 hour session with a highly skilled Account Manager to ensure your business is up and running and all accounting integrations are set-up, so you have a full understanding of how Expend works.
