ICRI 2016 Spring Convention

Maintenance and Protection in Harsh Environments

Concrete repair and restoration professionals don't have far to go to find harsh environments. These conditions – weather, size, scope, materials, and water depth – all fall under the definition. That is why there is no time like the present to take advantage of the relationships you have with other ICRI members around the world. ICRI has put together a series of 20 technical presentations designed to give you what you need to be successful in this industry. Contacts, education, knowledge, and experience, all can be found in one place.

This convention will provide an opportunity for both the novice and seasoned professionals to expand their understanding of the industry and of harsh conditions. Learn more about surface preparation, waterproofing, RFP's, cathodic protection, and much more. Take this opportunity to see, first hand, how the advantages of ICRI membership can work for you at the CIR 2016 Spring Convention. Hear what is happening, see who's making it happen, and get yourself involved in the process.

HOTEL ROOM SCAM - WARNING ABOUT HOUSING PIRATES

The International Concrete Repair Institute (ICRI) is aware of a scam that housing groups have been contacting association members and exhibitors to assist with hotel reservations. All room reservations should be made directly with the hotel. ICRI has sufficient room blocks to accommodate our attendees and exhibitors at the ICRI Conference rates. These other groups claim they can get cheaper rates if you book with them. Such companies to avoid, as they are not affiliated with ICRI or the upcoming events in San Juan include: Convention Housing Services Convention Expo Travel; Elite Corporate Planners Expo Housing; Exhibition Housing Services; Global Housing Management (GHM Travel); HDMC Group IEP Group; International Events Le Company LLC; TradeShow Housing.

Should you receive an e-mail or phone call from any of these companies, ICRI strongly recommends you DO NOT make your hotel reservation with any third party vendor. If you have already made hotel reservations through an unauthorized vendor, ICRI is unable to guarantee the reservation is valid and recommends that you cancel immediately before you incur charges. There is the potential to be left without a room and to lose money paid in advance if you book through them. A similar scam a few years ago caused several attendees to arrive in San Diego with no hotel room ever booked for them.

PHOTOGRAPHY, VIDEOGRAPHY & AUDIO RELEASE

As part of our mission to provide education, best practices and other information from leaders in their fields, speakers, panelists and audience members should be aware that we may record all or part of the events we organize, including comments from speakers, panelists and audience members. The resulting raw and edited materials, including still photographs, video and audio recordings, and associated verbatim transcripts, may be used by ATHE without restriction, in press releases, white papers, conference collateral, websites and other publications. By attending our events, you acknowledge that you are in a public place, and that attendees (including ICRI volunteers) may capture your image in photos and videos. Nevertheless, ICRI encourages event attendees to exercise common sense and good judgement, and respect the wishes of other attendees who do not wish to be photographed at the events. ICRI uses photos and videos taken at its events for a variety of purposes, including publication on the ICRI website. If you see any photos or profiles about yourself on www.icri.org that you would like removed please email info@icri.org.
