- 5:30 pm Adjourn**

Join the International Federation of Fertility Societies (IFFS) and the Groupe Interafricain d'Etude, de Recherche et d'Application sur la Fertilité (GIERAF) for an interactive webinar. The program includes an update on WHO reproductive health priorities and instructional talks on assessment, male infertility, andrology lab management, PCOS, surgery in infertility, and more. This activity was designed for the members of the GIERAF organization and healthcare providers in the nations it serves, however all are welcome to participate in this activity. The activity will be provided in English and in French and will be available on demand at a later date. Registration is free, though seats are limited.
