25 - 26 May 2026

Cape Town International Convention Centre

PROGRAMME

 African Federation of
Institutes of Internal Auditors

Hosted by:

 The Institute of
Internal Auditors
South Africa

About AFIIA

Established on 8 May 2009, the African Federation of Institutes of Internal Auditors (AFIIA) unites IIA members with the African continent to address common issues, foster collaboration, and strengthen the internal audit profession across the continent.

Objective

The 12th Governance Forum of the African Federation of Institutes of Internal Auditors (AFIIA) convenes leaders from across the GRC ecosystem to explore governance as a driver of performance, resilience and ethical leadership. Over 2 days, the programme addresses key themes including emerging risks and disruption, integrity and anti-corruption, and the evolving value proposition of internal audit within a broader governance framework. It highlights the shift from assurance to insight, positioning GRC functions as strategic partners in navigating complexity and enabling sustainable outcomes. Through diverse African perspectives, the forum fosters integrated thinking and collaboration across the full spectrum of governance stakeholders.

Pre-registration

Skip the queue on Monday morning and pre-register on **Sunday, 24 May 2026, 14h00 until 17h00**, and get a chance to mingle with the IIA SA staff.
