In a recent "Ask Angie's List" article, the author suggests homeowners looking for a professional carpet cleaning ask for certifications from reputable cleaning organizations, such as the IICRC. To date, this article has been published in 40+ news outlets across the country.

How cold was it? Here's a look at some of the record-breaking numbers:

- A minus-82-degree wind chill was observed in northern Manitoba and southern Nunavut, Canada.
- Chicago's O'Hare International Airport saw below zero temperatures for 52 straight hours, prompting more than 2,700 flight cancellations.
- At least 340 daily cold records were broken or tied in the Midwest over a two-day period.
- 72 percent of the U.S. population (212 million people) saw temperatures drop below freezing.
- 10 states canceled mail service due to the cold temperatures.
- In late January/early February, some parts of the U.S. saw "the coldest air in a generation."
- 2019 was in school. This business allowed me to do that, and I liked the sense of fulfillment you feel after each...
