

ICA/IMHCA Insurance Taskforce
Governing Council Committee Report
October 26, 2021

1. After consulting with the Kennedy Forum, PsiAn Network, and a legal firm we decided since Magellan/Centene ownership has changed we have sent a letter requesting they set a meeting with us and it has been two months with no reply. We do know that providers have been being reached out to by Magellan to participate in a survey and hope all members answer it honestly inclusive of their feelings related to reimbursement rate.
2. As a result of many inquiries over the past year the group has decided to start a Podcast about all the ways that providers are not educated on “How to Get Paid.” Fran Giordano and Nona Wilson are heading this up.
3. Our team has been working with different colleagues in the field for a clear understanding how the ability to bill straight Medicaid and are continuing to provide this information as it unfolds.
4. We continue to be aware of issues related to telehealth and commercial insurance plans such as MD Live are adding new alterations to plan recommendations to clients.
5. We have continued to provide updates with relation to insurance billing changes to our members.
6. With Nona Wilson and Fran Giordano working with our group we are hopeful to help them assist academic institutions understand how market saturation or poor understanding about early provisional licenses through NBCC can cause issues for the new clinician.
