

Indiana Library Federation Volunteers (April 2018)

Volunteers are the heart of Indiana Library Federation (ILF). Board members govern the organization. Committee members make policy or program recommendations for board action and/or help carry out activities. Affiliation advisory board members advise the board and staff on issues and needs specific to academic, school or public libraries or their trustees and supporters. Division Leadership Team members advise staff on issues and help carry out activities for specific interest groups. ILF relies on additional volunteers for conference presentations and special projects such as the school library census, adult literacy study and more. Board officers and Committee chairs have an asterisk.* We apologize in advance if we have missed anyone. Consider volunteering with ILF.
