ISSUE 26, Winter 1999

pp. 122-125
Publications not Included in the First Edition

[Note: some authors have written in to tell us of publications which were not included in the Language Testing Bibliography. These omissions are now listed here. We hope over the next year to publish a new edition of the bibliography which will not only include these omissions and any other omissions that we are told about, but also publications from the year 2000. We should therefore be very grateful if you would send us the names of any published references that you would like us to include in the next edition.
