Do you want to learn about the latest technology for vaccine management and storage and handling?

Join AIM for this interactive webinar forum designed for immunization programs and other health department staff. Participants will get the opportunity to:

- Provide feedback to manufacturing companies in an interactive Q&A session and online survey
- Learn about potential time- and cost-saving tools

Friday, January 15, 1:00 pm ET

Topics:
- Cold Chain Delivery
- Mobile Clinics

Friday, February 12, 1:00 pm ET

Topics:
- Human Rabies Vaccine
- Ultra-Cold Digital Data Loggers
