To Start Your Career as a Water Professional, AWWA Membership is the Solution.

Join AWWA for only $20!

Student Membership is for:

➤ A degree-seeking individual attending an accredited educational institution enrolled in the number of hours required by the institution for half-time or full-time status

The Water Sector Faces Greater Challenges Than Ever Before

From finding long-term water supply availability to water treatment and distribution practices, you need to be ready to tackle these issues. AWWA Student Membership provides you with technical information to help you with your schoolwork, resources to help you achieve your career goals, and ways to help support the water profession.

➤ Jump-start your career
➤ Connect with water professionals
➤ Gain experience
➤ Stay informed
➤ Make a difference

About AWWA

Established in 1881, the American Water Works Association is the largest nonprofit, scientific and educational association dedicated to managing and treating water, the world’s most important resource. Through membership, AWWA creates products, services and information that help utilities with day-to-day operations, inform the public, improve public health, protect the environment, strengthen the economy and enhance our quality of life.
Scholarships
AWWA provides over $200,000 annually in scholarships and awards. We recognize the importance of investing in students as the future of the water industry. AWWA’s Water Equation manages the more than 20 scholarships to support student water industry education.

Below is a description of a few of the scholarships available. For a full list of opportunities, details, and to apply—please visit awwa.org/scholarships.

AWWA ABEL WOLMAN FELLOWSHIP
This two-year fellowship provides an annual $30,000 stipend to students in the United States, Canada, and Mexico who are pursuing advanced training and research in the field of water supply and treatment. To accomplish this objective, a doctoral fellowship funds up to two years of research studies for one outstanding student. The initial award for one year is $30,000, with a second year of support available if needed.

Deadline: Early December

AWWA LARSON AQUATIC RESEARCH SUPPORT (LARS) SCHOLARSHIP
Provides financial support to graduate students preparing for careers in the fields of science or engineering.

Awarded annually. Will provide one-time funding for two scholarships: $5,000 for a master’s student $7,000 for a doctoral student

ADDITIONAL AWWA SCHOLARSHIPS
The AWWA Scholarship program provides opportunities for students seeking undergraduate and graduate degrees. Please view a full list at awwa.org/scholarships.

SECTION SCHOLARSHIPS
AWWA Sections award more than 100 scholarships to local students ranging from $100 to $5,000. These scholarships are in addition to the AWWA Scholarships.
Community Engineering Corps
Help underserved communities make local improvements. Community Engineering Corps harnesses the technical expertise of volunteers to help improve local infrastructure and community quality of life in the United States. Join and get involved today!
communityengineeringcorps.org

Your Local AWWA Section
AWWA Membership includes membership in your local Section and provides access to:
➤ Local events and conferences
➤ Scholarships
➤ Networking opportunities in your community
➤ Region-specific news and information
➤ Ways to directly impact local water issues

Gain Experience
Enhance your technical knowledge with advanced courses and online resources on issues not always covered in your classes. Members receive up to a 30% discount on resources! You can also share your knowledge by submitting a poster at a conference or contributing to a magazine article or research report.

Stay Informed
You can find the latest news and research reports at awwa.org. Check out Journal AWWA, AWWA Water Science and Opflow articles to help you with school projects. You will also get updates on new resources through AWWA Connections, a bi-weekly newsletter that features community news, colleague profiles, career tips and more.

Make a Difference
Share your passion about water with others. From participating in a Community Engineering Corps project to joining your local Section’s Young Professional Committee, AWWA has the right volunteer opportunity for you. There are over 160 volunteer committees to join.

What one business activity best describes your company?  (Please check only one)

☐ A  Public Water Supply Utility—Municipally Owned
☐ B  Public Water Supply Utility—Investor Owned
☐ C  Government—Federal, State, Local
☐ D  Consulting Firm
☐ E  Contractor
☐ F  Private Industrial System or Water Wholesaler
☐ G  Manufacturer of Equipment & Supplies (including representatives)
☐ H  Distributor of Equipment & Supplies (including representatives)
☐ I  Educational Institutions (faculty & students), Libraries and other related organizations
☐ J  Fully Retired
☐ K  Research Lab
☐ L  Other allied to the field (please specify) ____________________________

What one category best describes your company’s field served/principal activity?  (Please check only one)

☐ 9  Both Water Supply & Wastewater
☐ 5  Water Supply Only
☐ 7  Wastewater Only
☐ 3  Other

What one category best describes your job title?  (Please check only one)

☐ A  Executive (General Manager, Commissioner, Board Member, City Manager, Municipal Supt., Mayor, President, Vice President, Owner, Partner, Director, etc.)
☐ B  Management/Non-Engineering (Division Head, Section Head, Manager, Dept. Head, Comptroller, etc.)
☐ C  Design and Engineering/Both Managerial and Non-Managerial (Chief Engineer, Civil Engineer, Mechanical Engineer, Elect. Engineer, Environmental Engineer, Planning Manager, Field Engineer, System Designer, etc.)
☐ D  Scientific/Non-Managerial (Chemist, Biologist, Biophysicist, Researcher, Analyst, etc.)
☐ E  Purchasing (Purchasing Agent, Procurement Specialist, Buyer, etc.)
☐ F  Operations (Foreman, Operator, Maintenance Crewman, Service Representative, etc.)
☐ G  Marketing & Sales/Non-Managerial (Market Analyst, Marketing Representative, Salesperson, Sales Representative, etc.)
☐ I  Professorial (Educator, Teacher, etc.)
☐ Z  Other (please specify) ____________________________

What areas of the water and wastewater industry are of current interest to you?  (Please check all that apply)

☐ Advanced Water Treatment/Reuse  ☐ Design/Construction  ☐ Public Health
☐ Asset Management  ☐ Distribution/Plant Ops.  ☐ Public Info./Communications
☐ Automation Control  ☐ Drought  ☐ Regulatory Issues
☐ Backflow/Cross Connection  ☐ Emergency Preparedness/Security  ☐ Small Systems
☐ Climate Change  ☐ Groundwater  ☐ Source Water
☐ Conservation/Efficiency  ☐ Innovation  ☐ Stormwater
☐ Customer Service  ☐ Laboratory  ☐ Training/Career Development
☐ Desalination  ☐ Membrane Treatment  ☐ Utility Management
☐ Wastewater Collection/Treatment  ☐ Water Loss
☐ Water Quality/Treatment  ☐ Water Research
☐ Water Resources/Planning  ☐ Workforce Strategies
☐ Young Professionals

Dues rates valid through December 31, 2022. Dues are not deductible as charitable contributions for income tax purposes. Dues may be considered ordinary and necessary business deductions. The following is for USPS periodical mailing requirements only. In some AWWA Sections, a portion of the Section allotment equal to 50% or more of the domestic subscription rate charged for the Section periodical will be allocated toward a subscription to that periodical. Allocation for each publication recipient authorized—Journal AWWA—$50, Opflow—$16. Student Members and members with APO/FPO addresses will receive e-periodicals only. NOTE: Members’ contact information is protected under AWWA’s Privacy Policy.
Resources for you

Water professionals must increasingly manage water in all its stages. AWWA has the information and experts to help you effectively and efficiently manage water from source to tap to reintroduction into the environment. Find out about current issues, technical resources, and educational opportunities, all in one place. Subjects include:

- Asset Management
- Climate Change
- Distribution System O&M
- Engineering Modeling Applications
- Groundwater
- Reuse
- Source Water Protection
- Wastewater
- Water Conservation
- Water Loss Control
