

**2015 NOMINATION FORM**  
ISBA Service Committee  
Community Service Award

**SELECTION CRITERIA:** The Inaugural Service Award was established by the ISBA Service Committee, a project of the first ISBA Leadership Development Academy graduating class. The Service Committee was formed by the class with an interest in advancing the non-legal service work of lawyers in their communities and state. Factors considered in the selection of the recipient reflect the core values the Service Committee wishes to promote and include:

- (1) Exceptional non-legal service work in their respective community — this does not include pro-bono work, which is recognized separately;
- (2) An embodiment of the core values of our legal profession;
- (3) Promoting community involvement; and
- (4) Helping in underserved areas — this includes providing service in lower-income areas, youth initiatives, the elderly and infirm, schools, and similar areas.
