## **The Indiana Judges & Lawyers Assistance Program (JLAP) understands...**

*Research has shown* that lawyers may suffer from substance abuse and depression at a rate higher than the general population.

*Experience has shown* that lawyers may be more reluctant than others to seek help for their own problems.

*The purpose of JLAP* is to provide confidential assistance to judges, lawyers and law students who may encounter these and other issues that could impair their ability to practice in a professional and competent manner.

If you have a problem with substance abuse, other addictions, mental health issues, aging or physical disabilities, or know someone else who does, JLAP is here to help.
