The Value of Health Insurance

Health insurance pays for costs when you get sick or injured unexpectedly

Cost of 3-day hospital stay: **\$30,000**

Free preventive care like vaccines, screenings and check-ups are offered with most insurance plans.

How does the Affordable Care Act Help Hoosiers?

- Makes health coverage available regardless of health status or pre-existing conditions.
- Establishes an online Marketplace called healthcare.gov for purchasing health insurance
- Makes health insurance more affordable with Premium Tax Credits and Cost Sharing Reductions
- Expands Medicaid for Hoosiers up to 138% of the federal poverty level
- Makes free help understanding, applying for, and enrolling in health insurance available via certified enrollment specialists called "Navigators"

Hoosiers can enroll on the Marketplace
**NOVEMBER 1, 2015 –
JANUARY 31, 2016**
