PRIMARY HEALTHCARE SERVICES CLINIC

MyFamilyPCP is an Open Access Direct Primary Care model where patients pay a set monthly fee for unlimited access at no additional cost. The clinics will offer services to independent contractor members, part-time workers and employees covered by high deductible medical insurance.

KEY BENEFITS:

- No copays or deductibles
- No cost office visits
- No cost for select lab services and generic medications
- Delivers 80+% of total needed care
- Referrals to outside care and specialists
- Cost increases limited to low, inflationary price adjustments (unlike traditional medical insurance)
- \$60 per month + \$40 per eligible dependent
