Governance Functional
Areas | 4.5 Assurance

Combined Assurance Model (Principle 4.5)• Recommended Practice 46a should be expanded to include reference to executive management and all lines of business, not restricted to those “that own and manage risk and opportunity”. For example, Recommended Practice 46a could read “as first line of assurance: executive management and line functions including those that own and manage risk and opportunity”

Internal Audit (Principle 4.5)• King III Principle 7.3. should carry through to King IV as a recommended practice: “Internal audit should provide a written assessment of the effectiveness of the company’s system of internal controls and risk management.”•

Recommended Practice 50 should be expanded for internal audit only to address this aspect. For example, an additional Recommended Practice could be inserted after 50 to read “The audit committee should ensure that internal audit provides written assessments of the effectiveness of the company’s system of internal controls and risk management.”

Comment Questions (1-5)

Comment Questions Question 1 - Question 5

Question 1

The set objectives of the King IV Report are to: -promote good corporate governance as integral to running an enterprise and delivering benefits to it;broaden the acceptance of good corporate governance by making it accessible and fit for application by organisations of a variety of sizes, resources and complexity of strategic objectives and operations;reinforce good corporate governance as a holistic and inter-related set of arrangements to be understood and implemented in an integrated manner; andpresent good corporate governance as concerned with not only structure, policy and process but also an ethical consciousness and behaviour.To what extent would the draft King IV Report as it stands achieve each of these objectives?Please comment on how this could be optimised.

(No response)

Question 2

Part 2 of the draft King IV Report: Content Elements and Development, deals with outcomes, principles and practices. Clear differentiation of these content elements is key to reinforcing qualitative governance which is outcomes driven rather than about mindless compliance. Is the rationale and the difference between these content elements clearly explained? Please provide suggestions on how this could be further enhanced.

(No response)

Question 3

King IV uses the broader form of address namely: 'organisations'; 'governing body'; and 'those charged with governance duties'. Does this make the King IV Report more broadly relevant to all organisations and sectors?

(No response)

Question 4

The King IV Code recommends that as a minimum, the chief executive officer (CEO) and one other executive should be appointed to the governing body. Other than in King III, it does not specifically recommend the inclusion of the chief financial officer (CFO) as a member of the governing body. This allows flexibility for another executive to be appointed as a member of the board, depending on the nature and needs of the business. Would a recommendation specifically providing for inclusion of the CFO be more appropriate or is flexibility preferable in light thereof that organisations differ?

(No response)

Question 5

Do the independence criteria in Chapter 3 of the Code provide clear and useful guidance for assessment of independence on a substance over form basis?

(No response)

Comment Questions (6-10)

Comment Questions Question 6 - Question 10

Question 6

Will the new disclosure and voting requirements on remuneration in Chapter 4 of the Code lead to increased transparency and more meaningful engagement on remuneration between organisations and their stakeholders? Please provide suggestions for further enhancement.

(No response)

Question 7

King IV introduces in Chapter 4 of the Code, the 5 lines on assurance in the place of the traditional 3 lines of defence. It also expands on the implementation of the combined assurance model. Will this assist with more effective co-ordination and alignment of assurance? Please provide suggestions for further enhancement.

(No response)

Question 8

The governing body as the focal point of corporate governance and is therefore the primary audience of the King IV Report. King IV requires the governing body of an institutional investor to ensure that the organisation exercises its rights as holders of beneficial interest in companies, responsibly. Does this principle establish the necessary linkage between King IV and the Code for Responsible Investing in South Africa (CRISA) so that governance is reinforced by all role players? How can King IV further reinforce responsible investing practices? (For access to CRISA go to www.iodsa.co.za.)

(No response)

Question 9

King IV introduces 'risk and opportunity' governance to emphasise risk as being about uncertainty and the effect of it occurring or not occurring having a possible negative or positive effect on the

organisation achieving its objectives. Is it useful to refer to risk and opportunity governance and will it reinforce it as a value-add rather than conformance exercise?

(No response)

Question 10

The application regime of King IV is ‘apply and explain’ as opposed to ‘apply or explain’ in King III. The main difference between the application regime of King III and King IV is that application of the principles is assumed in King IV as they are basic to good corporate governance. Furthermore, the 75 principles in King III have been replaced with 17 principles in King IV. For the ‘apply and explain’ regime, explanation is required in the form of a high level narrative of the practices that have been implemented and the progress made in the journey towards giving effect to each principle. Will ‘apply and explain’ encourage greater transparency and qualitative? Should disclosure on King IV application be required to be signed off by the governing body? (For further information on the application regime refer to Part 3: Application of King IV and to Part 7 for a template of the application register.)
