

Application for Exemption from

Governance of Ethics

Governance of Ethics is a half day programme aimed at equipping aspiring and new directors with the knowledge on the importance of good governance. A company's ethics strategy will be explored, there will also be a focus on implementing ethical standards. This module forms part of the **Certified Director® pathway**.

Individuals looking to apply for the Certified Director® designation can request exemption from the Governance of Ethics programme should they have been awarded recognition as a Certified Ethics Officer by The Ethics Institute or attended Governance of Ethics training offered directly by The Ethics Institute in the last 36 months prior to applying for exemption.

Individuals who are granted exemption need not write the related Multiple Choice Questions (MCQs) but must be aware that the exam will contain questions on these programmes. Learning material will not be provided to the exempted candidate. It is expected that the candidate has familiarised themselves with the [key focus areas](#) of the programme and is confident that exemption from the programme will not impact their ability to answer related questions contained in the assessment.

Applications are reviewed by the IoDSA on a case-by-case basis.

If you meet the above-mentioned criteria, please complete the application below and send the completed form along with the proof of your qualification/designation to certification@iodsa.co.za
