

## Director Mentoring Circles 2018

### Purpose

The Certified Director was launched as a professional designation by the IoDSA in March 2017. The designation is awarded to aspiring or less experienced directors that have completed Part 1: Training and MCQs and Part 2: Assessment of the Certified Director programme.

CD(SA)'s are awarded the professional designation as recognition of their mastery as practicing directors.

The Director Mentoring Circles are aimed at offering Certified Directors and IoDSA members the opportunity to interact with CD(SA)'s through an interactive networking session that encourages meaningful engagement and dialogue.

### Format

CD(SA)'s will be invited to host a table of 5 – 8 Certified Directors or aspiring directors. The host is asked to facilitate a conversation that will address challenges and concerns raised by the participants.

A guest speaker will do a short presentation (20 minutes) about a current topic that could be included in this conversation.

The event is scheduled from 09:00 – 11:00 at the IoDSA offices in Sandton.

### Alignment to the Director Competence Framework

They are also intended to develop the personal and social competencies included in the [IoDSA Director Competency Framework](#), namely:

- PC1: Act in a manner that demonstrates self-knowledge and self-awareness.
- PC2: Manage self in a manner that contributes to the activities of the board.
- SC1: Adapt to environmental needs
- SC2: Interact with fellow board members and management in a manner that is beneficial to the company

This is a free benefit to Cert. Dir. and CD(SA) members.

Both CD(SA)'s and Certified Directors are able to gain 2 CPD hours by attending these events.
