– SANLAM Emerging
Markets

"The service and training received was very good. The IoDSA provided high calibre facilitators."

– Industrial Development
Corporation

Our proven track record guarantees service excellence and quality practical advice!

OUR SERVICES

Board Performance Evaluations

- Leading best practice evaluation questionnaires based on industry knowledge
- Use of both qualitative and quantitative assessments
- Informative and practical evaluation results to aid improvement of your board's effectiveness

We offer several different evaluation options including board, committees, individual director, chair and company secretary evaluations as well as action plan workshops

Customised Board Development

- Tailored training and development programmes to meet your specific needs
- Sessions include 2-hour snapshots, half day or full day programmes
- Certificate of attendance and CPD points earned on all programmes

Programmes include board inductions, our trademarked Being a Director™ series, King IV® workshops and any other related corporate governance topics

Governance Advisory Services

- Practical governance advisory services
- Aimed at developing your organisations understanding of the application of King IV® and improving overall implementation

Our services include King IV® governance assessments, drafting and reviewing charters, governance mapping and bespoke facilitated advisory workshops

Board Composition Services

- Understand your current board composition
- Ensure the required knowledge, skills and competencies needed are on the board
- Improve the selection criteria for board vacancies

Our services include NED vacancy ads; independence assessments; serving as independent interview panellist; one on one NED coaching; and reviewing and drafting of nomination and selection terms of reference clauses
