Please know that the Iowa Lawyers Assistance Program (ILAP) has always been, and at this time in the world-wide crisis that we have not experienced before, is now ready, willing and able to offer our help to Iowa lawyers, judges and law students who may be struggling. The following members of the Board of Directors offer to share their experience, strength and hope with others. This service is in addition to contacting our ILAP Director Hugh Grady. Please remember that all communications are confidential. Please feel free to call or text if texting is preferable, and that an "introductory text" or voice mail would be a good way to start the dialogue, in the age of spam and robocalling, so we know when we are receiving your important calls. The ILAP Board of Directors consists of:
