An inspection will be made at 4:30 P.M., and exhibits that are not obviously being worked on and/or have no representative present will be removed from the exhibitor space and not allowed to exhibit during the Welcome Reception. Arrangements to set up after the reception may be considered. No refunds will be provided for no-shows.

GIVEAWAYS

Distribution of all giveaways, with the exception of the exhibitor's own products and literature, must be approved in writing by the International Pain and Spine Intervention Society prior to the meeting. Requests for giveaway items, accompanied by a sample of the giveaway that will not be returned, must be submitted by August 21, 2026. We will request the removal of unapproved items.

POLICIES

The International Pain and Spine Intervention Society is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The International Pain and Spine Intervention Society complies with the Accreditation Council for Continuing Medical Education Standards for Commercial Support: Standards to Ensure Independence in CME Activities requirements. We promote improvement in health care and NOT proprietary interests of a commercial interest.

The IPSIS Annual Meeting conforms to the American Medical Association Ethical Opinion on Gifts to Physicians from Industry. This Opinion is intended to provide ethical guidance to physicians. Other parties involved in the health care sector, including the pharmaceutical, devices, and medical equipment industries and related entities or business partners, should view the guidelines as indicative of standards of conduct for the medical profession.

The International Pain and Spine Intervention Society reserves the right to refuse any exhibitor or supporter who does not meet the educational, scientific, or practice needs of our members.

TERMS AND CONDITIONS

1. Application and Eligibility Application and payment for exhibit space must be received by the International Pain and Spine Intervention Society (hereinafter "the Association") via email. Applications will not be processed without payment. The application must be executed by an individual who has authority to act for the company. The Association shall determine the eligibility of any company, product, or service. The Association may reject the application of any company whose display of goods or services is not compatible, in the sole opinion of the Association, with the educational character and objectives of the exhibition. In the event an application is not accepted, any payments will be refunded.

2. Cancellation No refunds will be made for exhibitor cancellations within 30 days of the event start date. Cancellations prior to that date will be subject to a \$250 administrative fee.

The Association reserves the right to cancel these activities due to circumstances beyond its control, such as, but not limited to, the destruction of the exhibit facilities by an act of God, the public enemy, authority of the law, fire, or other force majeure. If the Association is unable to comply with the terms of this contract and deliver the space allotted hereunder, this contract shall be considered terminated and any payments made hereunder by the exhibitor shall be refunded to the exhibitor, less expenses incurred by the Association to the date of the termination allocable to the exhibitor after proration thereof among all exhibitors.

3. Space Assignment Exhibiting space is limited and assigned based on these criteria: date application and payment are received, compatibility of other exhibitors, past participation, and requested booth selections from the application form. The Association reserves the right to assign space, rearrange the floor plan, and/or relocate any exhibit.

4. Tabletop, Furnishings, and Equipment A uniform table will be provided to exhibitors. Exhibit displays must not obstruct the view of the adjacent tables.

5. Conduct of Exhibits The advertisement or display of goods or services other than those manufactured, distributed, or sold by the exhibitor in the regular course of business and identified in the application is prohibited. An exhibitor may not assign, sublet, or apportion or otherwise share all or any part of the contracted booth space, nor may an exhibitor permit the display, promotion, sales, or marketing of non-exhibitor products or services. Interviews, demonstrations, and distribution of literature or samples must be made within the booth area assigned to the exhibitor. Canvassing or distributing of advertising outside the exhibitor's own booth will not be permitted. There is no restriction on selling on the exhibit floor. However, exhibitors are responsible to the Internal Revenue Service for the collection and submission of the applicable state and local sales taxes for sales that occur on the exhibit floor. Exhibitors may not serve or dispense food or beverages of any type from their booths or in the exhibit area without consent of the Association. Helium balloons are not allowed in exhibiting areas. No part of the display, including products, is permitted outside the exhibit space. Products and furnishings should be arranged with the safety of the exhibitors and attendees in mind. Exhibits are subject to the approval of the Association. Booths should be designed to draw attendees into the booth space, not to encourage attendees to stand in the aisles.

6. Shipping Instructions The Association will provide information on shipping details. The exhibitor will ship all articles to be exhibited at their own risk and expense. The Association will provide storage for incoming freight, delivery to the booth, storage and return of empty crates, and removal and shipment of outbound freight. All charges are based on inbound weights. All shipments must be prepaid. The address on all shipments shall include the exhibitor's name and company name.

Exhibit material cannot be received at the hotel prior to the show setup dates. Such freight will be directed and stored at the exhibitor's expense.

The exhibitor expressly agrees that any exhibit material remaining after the contracted move-out time has been left behind and may be removed and disposed of at the expense of the exhibitor and without liability to the Association.

7. Liability Insurance The Association must be notified and receive proof of adequate liability insurance, in the amount no less than \$1,000,000 combined single limit for personal and property damage, at least 30 days prior to show setup. The name of the exhibitor and identification of the outside contractor must be included.

8. Independent Events Industry-sponsored events must be approved by the Association. No event may be scheduled to conflict with the Association's meeting agenda and exhibit hours. Companies that are not exhibiting cannot host independent events. Unapproved events conflicting with the Association's educational activities jeopardize the Association's accreditation status and are strictly prohibited.

9. Audio-Visual and Sound Operation of equipment for demonstration or use may not create noise levels objectionable to neighboring exhibitors.

10. Unacceptable Exhibits The exhibitor agrees not to use any displays that the Association, in its absolute discretion, determines may unreasonably endanger the person or property of the attendees or of the exhibitors, are in bad taste, are liable to discredit or subject the Association to criticism or legal liability, are inconsistent with the stated purposes of the Association and the interest and welfare of its members, are inimical to the property rights of the Association, or violate the booth regulations or any other provision of this contract. In the event the Association determines at any time that any exhibit may or does violate this contract and the exhibitor is unable or unwilling to cure or correct such violation, the Association may terminate this agreement immediately and forbid erection of the exhibit or may remove or cause the exhibit to be removed at the exhibitor's expense, and the exhibitor hereby waives any claim for refund of the exhibit booth or other damages arising out of such termination and/or exhibit removal. Any exhibitor who is uncertain as to whether an exhibit is in compliance with all applicable regulations and requirements should contact the Association.

11. Insuring Exhibits Exhibitors are encouraged to insure their exhibits, merchandise, and display materials against theft, fire, etc., at their own expense. It is suggested by the Association that the exhibitor contact the exhibitor's insurance broker and obtain all-risk insurance covering exhibit property while absent from home premises for exhibit purposes, or a rider to the exhibitor's existing policy covering the same.

Neither the hotel or the Association will be responsible for loss or damage to any property in storage, in transit to or from the exhibit building, or while in the exhibit building for any loss of income as a result of any reduced sales due to such loss or damage. All property of the exhibitor will be deemed to remain under the exhibitor's custody and control in storage, in transit to or from, or within the confines of the exhibit hall, even though it may at times be under the temporary control or direction of the Association.

12. Liability for Damages or Loss of Property Exhibiting areas will close for viewing but the area is not a closed area and there will be no security guard on the premises. The hotel and the Association shall not be responsible or liable for any injury, loss, or damage to any property or person brought in by the exhibitor or otherwise located in the exposition premises.

13. Music Licensing The exhibitor represents and warrants that it shall comply with all copyright restrictions applicable to exhibitors including, but not limited to, any music performance agreement between the Association and ASCAP or BMI. Exhibitor further represents and warrants that it shall obtain any additional license or grant of authority required of exhibitors under the copyright laws and present the Association with a copy of such license or grant by within 1 month prior to the activity start date.

14. Fire Regulations No exhibitor shall use any flammable decorations or coverings. All fabrics or other materials used shall be flameproof.

15. Advertising Material. The use or distribution of any giveaways during the activities shall be subject to prior written approval by the Association. Such material shall be submitted to the Association for approval by August 21, 2026. Except as otherwise provided, the Association will not endorse, support, or be liable for the claims made by the exhibitors as to the qualities or merits of their products or services, and no advertising or mention will indicate, claim, or suggest such endorsement or support. All handouts must be distributed within the designated exhibiting area.

16. Miscellaneous. The Association shall have the sole authority to interpret and enforce all terms and conditions governing exhibitors and this exhibition. Any and all matters not specifically covered herein are subject to decision by the Association. These terms and conditions may be amended at any time by the Association upon written notice to all exhibitors. The exhibitor expressly agrees to be bound by the terms and conditions set forth herein and by any amendments thereto adopted by the Association from time to time. This contract shall be interpreted under the laws of the United States and the State of Colorado.
