Dry Needling 3: Advanced

The DN-3 Advanced course features an in-depth study of the hand muscles, several lower extremity and foot muscles, the craniofacial and craniomandibular muscles, the scalenes and the longus colli muscles. Students will review the anatomy, function, and dry needling techniques for each muscle.

The Advanced dry needling course will bring the clinician to the highest level of clinical proficiency in the management of patients with myofascial pain.

Dry Needling 3: Advanced is the third course in a three course series by Myopain Seminars to attain certification as a Certified Myofascial Trigger Point Therapist. The third day of this course includes a comprehensive theoretical and practical examination. To pass, students must achieve 70% on a multiple choice exam plus demonstrate competency in dry needling. The instructor student ration is minimally 1:10 and more examiners are brought in to assist with the practical examination.

Course Location | Course Date
--- | ---
Prairieville, LA | 7-Feb to 9-Feb-2020
Des Plaines, IL | 21-Feb to 23-Feb-2020
