Obtain THE most Recognisable Badge of Risk Management Professionalism:

IRMSA is recognised as the Professional Body for Risk Management in South Africa by the South African Qualifications Authority (SAQA). IRMSA represents individuals and companies committed to the enhancement of the Risk Management discipline. IRMSA serves aspiring risk practitioners, risk professionals and decision makers in Southern Africa, dedicated to the advancement of the risk management profession through accreditation, research, promotion, education, upliftment, training, guidance and strong relationships with other Institutes or Associations.

Being recognized as the Professional Body for Risk Management in South Africa, by SAQA has created an awareness of Risk Management in South Africa and for those working in the industry. This goes hand in hand with the development of the Risk Management Qualifications and Board Exams. Risk Managers have the opportunity to climb the professional ladder and become accredited

Through the process of Professionalisation, IRMSA introduced qualifications as well as certification opportunities for its members and the risk management community at-large. Members can follow a professional career path by writing the IRMSA Board Exams in order to obtain the Certified Risk Management Practitioner (CRM Prac) and Certified Risk Management Professional (CRM Prof) designations.

Certification ensures that Risk Managers across the board have the necessary competence and knowledge required of them to appropriately execute their duties in their respective roles. There is also a Work Experience Logbook requirement that candidates need to submit to corroborate their ability to function and execute key components required of them at particular levels therefore demonstrating their work experience acquired.

What do risk management professionals gain from completing this IRMSA Certification?

1. Development within your career.
2. Independent recognition of professional status by South African Qualifications Authority (SAQA).
3. Credibility and competitive advantage in the employment market.

What do employers gain by motivating their risk management professionals to take the Certification?

1. Show that risk management is taken seriously in the organisation.
2. Increase the organisation’s reputation and credibility with stakeholders.
3. Provide confidence that those who are practicing risk management are qualified and experienced.
