RISK MANAGEMENT 101

ABOUT THIS COURSE

The Introduction to Risk Management course identifies and explains the need for risk management and introduces the delegates to concepts, principles and standards as outlined by ISO 31000.

The management of Risk is an evolving discipline that builds on current knowledge in a diverse range of activities. It is therefore imperative that risk managers and practitioners keep abreast of these changes and commit to lifelong learning and ensure the currency of their knowledge, skills set and technical competence.

This course identifies and explains the need for Risk Management and introduces the delegate to Risk Management best practices as presented by ISO31000.

WHO SHOULD ATTEND

Risk practitioners and senior managers who are responsible for managing risks persons entering the Risk Management profession who have an understanding of the subject but require formal training.

HOW WILL YOU BENEFIT

The course gives each delegate the ability, knowledge and confidence to apply Risk Management Best Practices. It will prepare delegates for the increasingly complex employed in many areas of business and government.

After completing this module the delegate will be able to:
1. Relate Risk Management in business and context
2. Identify and describe risk in the business environment
3. Risk Evaluation
4. Organisational response to risk
5. Managing Risk Management
6. Risk Management communication and Integration
