FOREWORD

The International Registration Plan is an agreement providing for registration reciprocity among Member Jurisdictions.

The unique feature of the Plan is that, even though Apportionable Fees are paid to the various Jurisdictions in which Vehicles of a Fleet are operated, the only Plate and Cab Card issued for each Fleet Vehicle are the Plate and Cab Card issued by the Base Jurisdiction. The Plan provides for payment of Apportionable Fees on the basis of the proportion of Total Distance operated in all Jurisdictions by the Fleet of which a Vehicle is part.

A Fleet Vehicle is called an Apportionable Vehicle in the Plan, and such a Vehicle, when registered under the Plan and so far as registration is concerned, may be operated both between Member Jurisdictions and within any single Jurisdiction for which it is so registered.

The Plan was initially developed by the American Association of Motor Vehicle Administrators and is recommended for adoption by all Jurisdictions.

OFFICIAL COMMENTARY

The International Registration Plan was initially developed in the 1960s and early 1970s by representatives of the American Association of Motor Vehicle Administrators, with important input from representatives of the interstate motor carrier and Truck rental and leasing industries. The Plan was conceived as a means of replacing the system of registration Reciprocity which then prevailed, and which was rapidly becoming inadequate to meet the needs of expanding interstate and international commerce.

With the related International Fuel Tax Agreement, the Plan is unique in that it is an interJurisdictional agreement administered and managed by the states and provinces that are its members without any significant federal involvement.

CONCERNING HISTORICAL NOTES

Historical Notes have been inserted for convenience only and are not part of the official text of the Plan.

ARTICLE I PURPOSE AND PRINCIPLES

Official Commentary

Although this Article serves in part as an introduction to the Plan, it is itself an integral part of the Plan and its provisions are substantive in nature.

This Article sets out the guiding purposes and principles of the Plan, and the Plan should be construed throughout in accordance with them.

The text of each part of the Plan should be read in the light of the purpose or principle of the provision in question, as well as those of the Plan as a whole, and the language should be construed narrowly or broadly, as the case may be, in conformity with the purposes and principles involved.

Throughout the Plan, Member Jurisdictions and their representatives are to be held to a standard of conduct that is reasonable for a Jurisdiction in light of the purpose, the principles, and the provisions of the Plan.

100 TITLE

This reciprocal agreement shall be known as the International Registration Plan and is referred to below as the Plan.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 100.

105 FUNDAMENTAL PRINCIPLE

The fundamental principle of the Plan is to promote and encourage the fullest possible use of the highway system by authorizing apportioned registration of Fleets of Apportionable Vehicles and the recognition by each Member Jurisdiction of the registration of Vehicles apportioned by other Member Jurisdictions, thus contributing to the economic and social development and growth of the Member Jurisdictions.

Official Commentary

Freedom of Vehicle movement is a fundamental principle of the Plan. This freedom is to be attained by authorizing apportioned registration of Fleets.

The apportioned registration system makes possible greater flexibility of commerce between and among the Member Jurisdictions. Such efficient use of the highway system is beneficial to the economic and social growth of the Member Jurisdictions. Freedom of Vehicle movement is achieved through official recognition of Apportioned Vehicles by all Member Jurisdictions.

The critical importance of the Plan for interJurisdictional commerce is underscored by the cumbersome, inadequate system of registration reciprocity which preceded the adoption of the Plan. That system, which was poorly adapted to the movement of commercial vehicles among Jurisdictions, could not sustain the level of freight and passenger transportation demanded by the economies of the Member Jurisdictions in the 21st century.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 102.

Related DRC Action, 2006 Plan:

110 ONE REGISTRATION PLATE

It is the purpose of the Plan to implement the concept of one registration Plate for one Vehicle.

Official Commentary

This Section is not intended to prevent a member from issuing two matching Plates for an Apportionable Vehicle and requiring those Plates to be displayed on the front and rear of the vehicle. Rather, the Section presents as one of the foundations of the Plan the concept that an Apportionable Vehicle registered under the Plan need not display a registration credential other than that issued by its Base Jurisdiction.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 104.

Related DRC Action, 2006 Plan:

115 EFFECT OF THE PLAN ON OTHER AGREEMENTS

The Plan preempts any agreement, arrangement, or understanding of any kind between any two or more Member Jurisdictions concerning matters within the Plan. The Plan shall not, however, affect any agreement, arrangement, or understanding between a Member Jurisdiction and a Jurisdiction that is not a Member Jurisdiction.

Official Commentary

This section refers primarily to registration reciprocity agreements between or among Plan members. Such agreements frequently apply both to Apportionable Vehicles and to non-Apportionable Vehicles. The Plan does not affect the validity of such an agreement insofar as it concerns matters not covered by the Plan.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:** Related Provisions, 2006 Plan: Section 2000.

Related DRC Action, 2006 Plan:

120 RECIPROCAL EXEMPTION FROM FEES

The intent of the Plan is to encourage Member Jurisdictions to grant exemptions from the payment of non-Apportionable Fees by Registrants when such grants are reciprocal.

Official Commentary

Non-Apportionable Fees under this Section may be subject to exemption under separate reciprocal agreements.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 106.

Related DRC Action, 2006 Plan:

125 GRANTING OF RECIPROCITY

It is the purpose of the Plan to provide a system through which Member Jurisdictions grant Reciprocity to apportioned Fleets of Vehicles and to provide for the continuance of Reciprocity granted to those Vehicles that are not eligible for apportioned registration under the Plan.

Official Commentary

Apportioned Fleets must be granted Reciprocity. Fleets not so registered are subject to pre-existing registration requirements but may, nevertheless, be granted Reciprocity. Vehicles displaying Restricted Plates, such as farm vehicles, may be exempt from additional fees if the Member Jurisdiction's law, applicable agreements, understandings, or declarations so provide. Fleets registered under the Plan are not charged additional Apportionable Fees by Member Jurisdictions unless authorized under Section 410.

The Plan is therefore construed to be a Reciprocity Agreement providing for the recognition of fees paid to other Member Jurisdictions.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 108.

130 DISCHARGE OF REGISTRANT RESPONSIBILITY

A Registrant's payment to the Base Jurisdiction of Apportionable Fees due under the Plan to all Member Jurisdictions discharges the Registrant's responsibility for payment of Apportionable Fees to individual Member Jurisdictions.

Official Commentary

This Section is intended to make clear that the obligation of a Plan Registrant to pay Apportionable Fees is fulfilled by its payment of those fees to its Base Jurisdiction. The Registrant is not liable to other Member Jurisdictions for those fees if the Base Jurisdiction fails to account for them properly. However, this Section does not waive the proper payment of Apportionable Fees if later it is determined that those fees were not calculated correctly and additional fees are due.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 109.

135 FEES NOT WAIVED

This Plan applies only to Apportionable Fees. Nothing in this Plan shall be construed to waive any fees or taxes authorized by the laws of any Member Jurisdiction in connection with the ownership or operation of Vehicles.

Official Commentary

Whether a fee or a tax is involved, it may only be collected in accordance with the laws of the Jurisdiction imposing the fee or tax. The fee or tax must be set or authorized by statute. A proliferation of such fees or taxes, however, may result in impeding the free movement of commerce among the Member Jurisdictions. This result would tend to contravene the purpose set forth in Section 105.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 302.

ARTICLE II DEFINITIONS

ALLOCATION

“Allocation” means a system of registering a Fleet that operates in more than one Member Jurisdiction under which the Vehicles are fully registered in individual Member Jurisdictions in proportion to a measure of the presence or travel of the Fleet in each one, and under which the Vehicles so registered are granted Reciprocity in all the Member Jurisdictions in which any of the Vehicles of the Fleet is registered.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

APM

“APM” means the Audit Procedures Manual required to be maintained in Section 1000.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

APPLICANT

“Applicant” means a Person in whose name an application is filed for registration under the Plan.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 263.

APPORTIONABLE FEE

“Apportionable Fee” means any periodic recurring fee or tax required for registering Vehicles, such as registration, license, or weight fees.

Official Commentary

This provision describes the type of fees to be apportioned; the key words are “periodic” and “recurring.” A registration, license, or weight fee is only apportionable if it is a “periodic recurring” fee.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**
Related Provisions, 2006 Plan: Section 202.

APPORTIONABLE VEHICLE

“Apportionable Vehicle” means (except as provided below) any Power Unit that is used or intended for use in two or more Member Jurisdictions and that is used for the transportation of persons for hire or designed, used, or maintained primarily for the transportation of property, and:

(i) has two Axles and a gross Vehicle weight or registered gross Vehicle weight in excess of 26,000 pounds (11,793.401 kilograms), or

(ii) has three or more Axles, regardless of weight, or

(iii) is used in combination, when the gross Vehicle weight of such combination exceeds 26,000 pounds (11,793.401 kilograms).

A Recreational Vehicle, a Vehicle displaying Restricted Plates, a bus used in the transportation of chartered parties or a government-owned Vehicle, is not an Apportionable Vehicle; except that a Truck or Truck Tractor, or the Power Unit in a Combination of Vehicles having a gross Vehicle weight of 26,000 pounds (11,793.401 kilograms), or less, and a bus used in the transportation of chartered parties, nevertheless may be registered under the Plan at the option of the Registrant.

Official Commentary

A Vehicle is determined to be apportionable according to the characteristics and use of the Vehicle or the Combination of Vehicles. Trailing equipment, however, is only registered under the Plan pursuant to an approved Exception, unless it is registered under Section 910.

Certain types of vehicles or Combinations of Vehicles that travel or are intended to travel in two or more Member Jurisdictions, but are not otherwise within the definition of Apportionable Vehicle may be apportioned if the Registrant so chooses. Vehicles not apportioned are subject to registration and fee payment in accordance with each Base Jurisdiction’s general registration statutes. These non-apportionable Vehicles may be entitled to Reciprocity in other Jurisdictions under applicable Reciprocity Agreements.

The intent of the Registrant or Applicant to operate a Vehicle in two or more Member Jurisdictions is to be considered as an objective fact, determined from all the circumstances of the particular case. The fact that a Vehicle is not used in more than one Jurisdiction for the entirety of a Registration Year and for six additional months gives rise to a presumption that the Registrant did not intend to use the Vehicle in more than one Member Jurisdiction. Such a presumption may be overcome, however, by other circumstances presented by the Registrant.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 204.

Related DRC Action, 2006 Plan: Dispute Resolution Committee Decision 98.1, November 19, 1998; Dispute Resolution Committee Decision 98.3, November 19, 1998; Dispute Resolution Committee Decision 99.5, November 13, 1999.

APPORTIONED VEHICLE

“Apportioned Vehicle” means an Apportionable Vehicle that has been registered under the Plan.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

AUDIT

“Audit” means the physical examination of a Registrant’s Operational Records, including source documents, to verify the distances reported in the Registrant’s application for apportioned registration and the accuracy of the Registrant’s record-keeping system for its Fleet. Such an examination may be of multiple Fleets for multiple years.

Official Commentary

The purpose of an Audit is to determine the Total Distance traveled by the Fleet and the percentage of distance traveled in each Member Jurisdiction.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 262.

AUXILIARY AXLE

“Auxiliary Axle” means an auxiliary undercarriage assembly with a fifth wheel and tow-bar used to convert a Semi-Trailer to a Trailer.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 206.

AXLE

“Axle” means an assembly of a Vehicle consisting of two or more wheels whose centers are in one horizontal plane, by means of which a portion of the weight of a Vehicle and its load, if any, is continually transmitted to the roadway. For purposes of registration under the Plan, an “Axle” is any such assembly whether or not it is load-bearing only part of the time.

Official Commentary

A single-unit Truck with a steering Axle and two Axles in a rear-Axle assembly is an Apportionable Vehicle even though one of the rear Axles is a so-called “dummy,” “drag,” “tag,” or “pusher” type Axle.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 208.

Related Provisions, 2006 Plan: Section 265.

CHARTERED PARTY

This term includes services rendered to a number of passengers that a passenger carrier or its agent has

assembled into a travel group through sales of a ticket to each individual passenger covering a round trip from one or more points of origin to a single advertised destination.

ESTABLISHED PLACE OF BUSINESS

“Established Place of Business” means a physical structure located within the Base Jurisdiction that is owned or leased by the Applicant or Registrant and whose street address shall be specified by the Applicant or Registrant. This physical structure shall be open for business and shall be staffed during regular business hours by one or more persons employed by the Applicant or Registrant on a permanent basis (i.e., not an independent contractor) for the purpose of the general management of the Applicant’s or Registrant’s trucking-related business (i.e., not limited to credentialing, distance and fuel reporting, and answering telephone inquiries). The Applicant or Registrant need not have land line telephone service at the physical structure. Operational Records concerning the Fleet shall be maintained at this physical structure (unless such records are to be made available in accordance with the provisions of Section 1020). The Base Jurisdiction may accept information it deems pertinent to verify that an Applicant or Registrant has an Established Place of Business within the Base Jurisdiction.

Registration under the Plan shall be in lieu of registration under any other registration statute of any Member Jurisdiction.

Related Provisions, 2006 Plan: Section 400.

305 SELECTION OF BASE JURISDICTION

(a) An Applicant may elect as its Base Jurisdiction any Member Jurisdiction (i) where the Applicant has an Established Place of Business, (ii) where the Fleet the Applicant seeks to register under the Plan accrues distance, and (iii) where Operational Records of the Fleet are maintained or can be made available.

(b) An Applicant that does not have an Established Place of Business in any Jurisdiction may designate as a Base Jurisdiction any Member Jurisdiction (i) where the Applicant can demonstrate Residence, (ii) where the Fleet the Applicant seeks to register under the Plan accrues distance, and (iii) where Operational Records of the Fleet are maintained or can be made available.

(c) To establish Residence in a Member Jurisdiction, an Applicant must demonstrate to the satisfaction of the Member Jurisdiction at least three of the following:

- (i) if the Applicant is an individual, that his or her driver's license is issued by that Jurisdiction,**
- (ii) if the Applicant is a corporation, that it is incorporated or registered to conduct business as a foreign corporation in that Jurisdiction,**
- (iii) if the Applicant is a corporation, that the principal owner is a resident of that Jurisdiction,**
- (iv) that the Applicant's federal income tax returns have been filed from an address in that Jurisdiction,**
- (v) that the Applicant has paid personal income taxes to that Jurisdiction,**
- (vi) that the Applicant has paid real estate or personal property taxes to that Jurisdiction,**
- (vii) that the Applicant receives utility bills in that Jurisdiction in its name,**
- (viii) that the Applicant has a Vehicle titled in that Jurisdiction in its name, or**

(ix) that other factors clearly evidence the Applicant's legal Residence in that Jurisdiction.

Official Commentary

If more than one Member Jurisdiction could qualify as a Base Jurisdiction for an Applicant, the Applicant may choose which of them it will apply to for apportioned registration under the Plan. This serves to preserve the necessary but limited flexibility in the choice of a Base Jurisdiction.

It is not the intent of this section to permit a Registrant to manipulate the selection of a Base Jurisdiction in order to avoid the payment of Apportionable Fees on the basis of 100 percent of the distance traveled by its Fleet.

This section provides a three-part test under subsection (a) for the determination of Base Jurisdiction. All three parts must be met in order for a Member Jurisdiction to qualify as a Base Jurisdiction.

The Plan offers Residence as an alternative criterion to Established Place of Business only for those Applicants who cannot demonstrate that they meet the Established Place of Business requirement.

With respect to the accrual by a Fleet of distance in the Base Jurisdiction, the requirement is to be applied only to the Fleet as a whole; each individual Vehicle of a Fleet need not enter the Base Jurisdiction.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

310 REGISTRANT FROM NON-MEMBER JURISDICTION

(a) A Person whose only Established Place of Business is in a Jurisdiction that is not a Member Jurisdiction may, until such time as this Jurisdiction becomes a Member Jurisdiction, declare as its Base Jurisdiction the Member Jurisdiction in which it expects to operate the greatest distance in the first year of operation as a Registrant. A Member Jurisdiction that has received an application for registration under this subsection may reject it for cause. A Registrant may not continue maintaining a Base Jurisdiction under this Section once the Jurisdiction in which the Registrant has an Established Place of Business becomes a Member Jurisdiction.

(b) A Person that has taken advantage of the provisions of subsection (a) for registration under the Plan shall, in the event that a Jurisdiction in which the Person has an Established Place of Business becomes a Member Jurisdiction, henceforth use that Member Jurisdiction as its Base Jurisdiction. The re-registration of the Registrant's Apportionable Vehicles in the new Base Jurisdiction shall be accomplished through orderly and equitable procedures to be established by the Member Jurisdictions involved. Such procedures shall not require payment of duplicate Apportionable Fees.

Official Commentary

The purpose of this Section is to allow a Person to take advantage of registration under the Plan even though the Person has a business location only in a Jurisdiction which is not a Plan member. A Member Jurisdiction receiving an application for registration from such a Person may reject it for reasonable cause. It is required that Persons with an Established Place of Business only in a Jurisdiction located south of the United States will under this Section declare as Base Jurisdiction one of the four states (Arizona, California, New Mexico, and Texas) that border Mexico. This Section also provides for an orderly transition should that Jurisdiction subsequently become a Member Jurisdiction.

Related Provisions, 2006 Plan: Section 110.

315 APPLICATION PROCESS

(a) The Base Jurisdiction shall determine the manner, the standard for measuring distance (i.e., miles or kilometers), application process, and filing deadlines for applications for registration under the Plan.

(b) An application for registration under the Plan shall contain information elements required by the Plan and such other information that is required by the Base Jurisdiction.

(c) Except where the Plan permits an Applicant to use estimates of distance, an application for registration under the Plan shall contain the actual distance that the Fleet being registered was operated during the Reporting Period.

(d) If the Fleet did not accrue any actual distance during the Reporting Period, an Applicant may estimate the distance the Fleet is anticipated to travel in each Member Jurisdiction during the Registration Year. The Applicant shall be required to support such estimates to the satisfaction of the Base Jurisdiction.

(e) The Base Jurisdiction shall review any estimate of distance and any supporting documentation. If the Base Jurisdiction does not accept the Applicant's estimate of distance, or if the Applicant does not submit an estimate, the Base Jurisdiction shall estimate the distance for the Applicant's Fleet using the method provided in Section 320.

(f) The expiration date of apportioned registration for all Apportioned Vehicles in a Fleet shall be the same date.

Official Commentary

Base Jurisdictions may require supporting documentation, such as past Operational Records or a written business plan as a basis for Estimated Distance in an application for registration under the Plan.

Although the expiration date of registration for all Vehicles in a particular Fleet must be the same, nothing in the Plan shall be deemed to prohibit a Member Jurisdiction from permitting a Registrant to have multiple Fleets for which apportioned registration expires on different dates.

Related Provisions, 2006 Plan: Sections 400, 402, 800.

320 DISTANCE ESTIMATES BY BASE JURISDICTIONS

(a) When an Applicant for a Fleet that did not accrue any actual distance during the Reporting Period does not have an estimate of anticipated Fleet distance that is acceptable to the Base Jurisdiction, the Base Jurisdiction shall estimate distance for registration of the Fleet based on the average per-Vehicle distance in each Member Jurisdiction, as provided below.

(b) In preparing an estimate of distance, the Base Jurisdiction shall use its own data and the method prescribed in subsection (d) to determine the average per-Vehicle distance per Member Jurisdiction.

(c) At least once every three years, each Member Jurisdiction shall update its average per-Vehicle distance per Member Jurisdiction.

(d) Except as provided in subsection (e), the Base Jurisdiction shall calculate its average per-Vehicle distance per Member Jurisdiction by:

(i) determining the total actual distances reported to the Base Jurisdiction as having been operated in each Member Jurisdiction by Fleets for which the Base Jurisdiction served as the Base Jurisdiction during the Registration Year;

(ii) determining the number of Apportioned Vehicles for which the Base Jurisdiction served as Base Jurisdiction during the Registration Year that accrued distance in each respective Member Jurisdiction; and

(iii) for each Member Jurisdiction, dividing the distance determined under clause (i) by the number of Apportioned Vehicles determined under clause (ii).

(e) If the Base Jurisdiction does not have adequate data to determine a valid estimate of distance under subsection (d) (i) for one or more other Member Jurisdictions, it may use a reasonable alternative method.

Official Commentary

Only under extraordinary circumstances should the Base Jurisdiction resort to alternatives to the method provided in this Section. However, a Base Jurisdiction should not adhere to this method when it produces unreasonable estimates - whether too high or too low - in a particular instance. In

such a case, the Base Jurisdiction should adjust an estimate produced by this method to provide one that corresponds more closely to the Applicant's likely operation.

In determining the number of Vehicles under subsection (d)ii, only the replacement Vehicle should be included; the Vehicle deleted for transfer should not be included in the number of Vehicles for the estimate calculation.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 800, 801.

325 VARIANCE OF REGISTERED WEIGHTS

If an Applicant requests registration weights for a Vehicle in Member Jurisdictions that register according to gross Vehicle weight that differ by more than 10 percent between such Member Jurisdictions, the Base Jurisdiction may require the Applicant to provide documentation concerning the actual operations of the Vehicle. The Base Jurisdiction may deny registration for such a Vehicle if the Base Jurisdiction determines that the requested variance does not reflect actual operations.

Official Commentary

The intent of this section is to remove any doubt on the part of a Member Jurisdiction that it has discretion to prevent the improper manipulation of Vehicle weights by an Applicant. The Section should not be used, however, to prevent a variance in Vehicle weights for which there is a legitimate purpose.

ARTICLE IV FEES

400 CALCULATION OF APPORTIONABLE FEES

The Apportionable Fees for a Fleet in a Member Jurisdiction for which registration is sought shall be calculated by multiplying the apportionment percentage calculated for the Member Jurisdiction pursuant to Section 405 or 415 by the total Apportionable Fees required under the law of the Member Jurisdiction for full registration of the Vehicles in the Fleet for the Registration Year, or the unexpired portion of the Registration Year, as the case may be.

Related Provisions, 2006 Plan: Sections 300,400.

Related DRC Action, 2006 Plan: Dispute Resolution Committee Decision 96.6 — October 7, 1996.

405 CALCULATION OF APPORTIONMENT PERCENTAGE

The following method is to be used to calculate the apportionment percentage with respect to a Fleet for each Member Jurisdiction in which apportioned registration is sought.

(a) For a Member Jurisdiction in which the Fleet (1) accrued distance during the Reporting Period, or (2) has never been apportioned and did not accrue distance during the Reporting Period:

(i) determine the total actual distance operated during the Reporting Period in all Member Jurisdictions where Fleet Vehicles were apportioned during the Reporting Period and where the Registrant desires to renew apportioned registration;

(ii) estimate the Total Distance to be operated by the Fleet during the Registration Year in all Member Jurisdictions where Fleet Vehicles were neither previously apportioned nor accrued actual distance during the Reporting Period, but in which the Registrant desires apportioned registration; and

(iii) add the amount determined in clause (i) to the amount determined in clause (ii).

The apportionment percentage for each such Member Jurisdiction is the distance attributed to that Member Jurisdiction divided by the amount determined in clause (iii) of this subsection (calculated to 6 decimal places and rounded to 5 decimal places), times 100.

(b) For a Member Jurisdiction in which the Fleet did not accrue distance during the Reporting Period but in which it has previously been apportioned:

(i) estimate the Total Distance to be operated during the Registration Year in all such Member Jurisdictions; and

(ii) add this amount to the amount determined in clause (iii) of subsection (a).

The apportionment percentage for each Member Jurisdiction is the Estimated Distance attributed to that Member Jurisdiction divided by the amount determined in clause (ii) of this subsection (calculated to 6 decimal places and rounded to 5 decimal places), times 100.

(c) For purposes of subsection (a), a Fleet shall be considered never to have been apportioned in a Member Jurisdiction if the Registrant has neither (i) owned or Leased Apportioned Vehicles during the 18 months prior to the date of its application for apportioned registration, nor (ii) accrued actual distance by operating Apportioned Vehicles in any Member Jurisdiction during the Reporting Period.

(d) If a Fleet was apportioned in a Member Jurisdiction for no more than the last 90 calendar days of the Reporting Period, the Fleet’s apportionment percentage for that Member Jurisdiction may, at the option of the Registrant, be calculated under subsection (a) if, with respect to that Member Jurisdiction, the Fleet otherwise meets the qualifications of subsections (a) and (c).

Official Commentary

Although basically the apportionment percentage for a Member Jurisdiction is the ratio of the distance operated or estimated to be operated by the Fleet in the Member Jurisdiction, complexity is added to the determination of this ratio by the necessity of calculating fees that are based on a second-year estimate at over 100%.

It is clear from these instructions that distance operated by a Fleet in a Jurisdiction for which the Registrant is not applying for renewal registration is not to be included in the denominator used to determine the Registrant’s apportionment percentages as shown in the following example:

Member Jurisdiction	Actual/Estimate	Request Registration?	Distance	Percentage
A	Actual	Yes	24,680	64.508%

Example for Subsection (c)

Today is January 1, 2010. Registrant X is requesting IRP registration. Registrant X had an IRP Fleet in the Member Jurisdiction that expired December 31, 2007. The Registrant had an in-state contract for the past two years and registered at the county. You are able to confirm this via the county registration database or by viewing the expired county registrations for 2008 and 2009. The Registrant is eligible to register under subsection (a).

Today is January 1, 2010. Registrant Y is requesting IRP registration. Registrant Y had an IRP Fleet in the Member Jurisdiction that expired December 31, 2008. The Registrant was in a different line of work for the past year but has now decided to return to trucking. The Registrant must register under subsection (b).

Examples for Subsection (d)

The Base Jurisdiction has calendar year registrations. Registrant Z began IRP operations as a new Registrant June 5, 2009, using all Estimated Distance. For the 2010 renewal, effective January 1, 2010, Registrant Z is required to use actual distances for the July 1, 2008 through June 30, 2009 Reporting Period. Registrant Z only had 25 days of operation during the Reporting Period, therefore the apportionment percentages may be calculated under subsection (a).

The Base Jurisdiction has calendar year registrations. Registrant XYZ began IRP operations as a new Registrant March 15, 2009, using all Estimated Distance. For the 2010 renewal, effective January 1, 2010, Registrant XYZ is required to use actual distances for the July 1, 2008 through

June 30, 2009 Reporting Period. Registrant XYZ had 108 days of operation during the Reporting Period, therefore the apportionment percentages must be calculated under subsection (b).

410 NO MINIMUM REGISTRATION FEE; COLLECTION OF OTHER FEES PERMITTED

(a) No Member Jurisdiction shall require any minimum registration fee for an Apportionable Vehicle.

(b) A Base Jurisdiction may by law require payment of additional fees for each Apportioned Vehicle, such as for issuing Credentials or filing an application for apportioned registration.

Official Commentary

The intent of this section is to prohibit a member of the Plan from imposing any minimum registration fee on an Apportionable Vehicle, apart from the exception noted with respect to the Base Jurisdiction.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 304, 500.

415 ADDITIONAL JURISDICTIONS

(a) A Registrant may, after the beginning of the Registration Year, add one or more Member Jurisdictions to those in which its Fleet is apportioned.

(b) If the Fleet accrued actual distance in an added Member Jurisdiction during the Reporting Period, this amount must be used in calculating the apportioned fee for the Member Jurisdiction, and an estimate of distance may not be used. If the Fleet did not accrue actual distance during the Reporting Period in the Member Jurisdiction being added, an estimate representing annual distance to be traveled in the Member Jurisdiction shall be used.

(c) The apportionment percentage for a Member Jurisdiction to be added shall be:

(i) the actual distance or estimate determined for the Member Jurisdiction in subsection (b) divided by,

(ii) the sum of: the denominator determined under Section 405 for the apportionment percentages of the Registrant at the time of its initial application for apportioned registration for the Registration Year, plus the actual distance or estimate determined for the Member Jurisdiction in subsection (b), plus the sum of the actual distance or estimates for any other Member Jurisdiction or Member Jurisdictions added to its registration by the Registrant since the beginning of the Registration Year,

(iii) with the quotient carried to six and rounded to five decimal places and multiplied by 100.

(d) The apportioned fee for the added Member Jurisdiction shall then be calculated according to Section 400.

(e) In no event shall the calculation of an apportioned fee for a Member Jurisdiction added to a registration during the Registration Year alter the apportionment percentages previously determined for any other Member Jurisdiction for the year.

Official Commentary

Example 1:

Registrant XYZ is currently registered for Member Jurisdictions A and B. After the start of the registration year, the Registrant needs to add Member Jurisdiction C. The Registrant had actual distance during the Reporting Period for Member Jurisdiction C but initially chose to not register. The actual distance must be used when adding Member Jurisdiction C.

Initial Calculation:

Member Jurisdiction	Actual/Estimate	Request Registration?	Distance	Percentage
A	Actual	Yes	24,680	64.508%
B	Actual	Yes	13,579	35.492%
C	Actual	No	36,925	
Total (not including Member Jurisdiction C)			38,259	100%

Calculation when Member Jurisdiction C is added

Member Jurisdiction	Actual/Estimate	Request Registration?	Distance	Percentage
A	Actual	Yes	24,680	64.508%
B	Actual	Yes	13,579	35.492%
C	Actual	Yes	36,925	49.113%
Total			75,184	149.113%

Example 2:

Registrant XYZ is currently registered for Member Jurisdictions A and B. After the start of the Registration Year, the Registrant needs to add Member Jurisdiction C. The Registrant has never operated there and will use an estimate.

Initial Calculation:

Member Jurisdiction	Actual/Estimate	Request Registration?	Distance	Percentage
A	Actual	Yes	24,680	64.508%
B	Actual	Yes	13,579	35.492%
Total			38,259	100%

Calculation when Member Jurisdiction C is added

Member Jurisdiction	Actual/Estimate	Request Registration?	Distance	Percentage
A	Actual	Yes	24,680	64.508%
B	Actual	Yes	13,579	35.492%
C	Estimate	Yes	36,925	49.113%
Total			75,184	149.113%

The percentages for Member Jurisdictions A and B for both examples must remain exactly as established in the initial calculations.

Related Provisions, 2006 Plan: Section 400.

420 NEW FLEETS

(a) The establishment of a new Fleet by an Applicant does not in itself qualify the Applicant to have the apportioned fees for the new Fleet calculated using Estimated Distance. An Applicant may not estimate distance when the new Fleet is composed entirely or primarily of Vehicles which the Applicant operated or over which the Applicant exercised control during the Reporting Period and these vehicles accrued actual distance in the Member Jurisdictions for which the Applicant seeks apportioned registration.

(b) When a Vehicle that has been (i) operated under long-term Lease that includes the Vehicle driver and (ii) registered as part of a Fleet of Apportioned Vehicles is sought to be registered under the Plan as a Fleet of a single Vehicle, the actual distance accrued by the Vehicle during the Reporting Period shall be used to calculate the Apportionable Fees of the Fleet, but only if the operation will reflect the operation under the long term Lease.

Official Commentary

Subsection (b) governs the registration of a Vehicle that has been leased with its driver as a part of a Fleet registered under the Plan and now is intended to be registered in the driver's name but whose operation will remain the same. In calculating the Apportionable Fees that apply to such a Vehicle, the actual distance traveled by the Vehicle during the Reporting Period is to be used. The Applicant is not to be permitted to estimate distance in these circumstances.

Example 1

- 123 Trucking company operated a Fleet of Vehicles during the Reporting Period based in Jurisdiction A with distance accrued in Jurisdictions A, B, C and D.
- The company relocated to Jurisdiction B closing all their operations and locations in Jurisdiction A. It moved two of the existing Vehicles and purchased an additional two.
- Meeting the definition of Established Place of Business in Jurisdiction B, 123 Trucking Company applies for IRP registration with Jurisdiction B as their Base Jurisdiction but is not permitted to estimate. It must use their actual distance operated during the Reporting Period while registered in Jurisdiction's A Fleet.

The following chart illustrates the distance which must be used in the original application to Jurisdiction B:

Jurisdiction	Distance operated by the Feet with Base Jurisdiction A	Distance submitted on the new Fleet based in Jurisdiction B	Distance Percent
A	3,000	3,000	60.000%
B	500	500	10.000%
C	1,000	1,000	20.000%
D	500	500	10.000%
Total	5,000	5,000	100%

Example 2

Vehicle operator ABC leased Vehicle unit number 123 to the DMB Trucking Company during the Reporting Period, which provided the IRP registration in its name with Jurisdiction F as the Base Jurisdiction.

ABC has now decided to register in its own name. It will be running under DMB Trucking's authority and the operation will be the same.

Based on Section 305, ABC qualifies in Jurisdiction G to register. ABC is not allowed to estimate for the new Jurisdiction G Fleet but must use the actual distance operated during the Reporting Period while registered with DMB Trucking Company.

The following chart illustrates the distance which must be used in the original application to Jurisdiction G:

Jurisdiction	Distance Unit 123 operated with DMB Trucking	Percentage
F	1,000	20.000%
G	2,000	40.000%
H	500	10.000%
I	1,500	30.000%
Total	5,000	100%

The DMB trucking company must also report this distance as part of its Fleet renewal schedule for Jurisdiction F.

In the second example, we have the same situation with the additional information that ABC wishes to add an additional Jurisdiction:

Vehicle operator ABC leased Vehicle 123 to the DMB Trucking Company during the Reporting Period, which provided the IRP registration in its name with Jurisdiction F as the Base Jurisdiction.

ABC has now decided to register in its own name and operate in the same Jurisdictions that it did with DMB Trucking

Based on Section 305, ABC qualifies in Jurisdiction G to register. ABC is not allowed to estimate for the new Jurisdiction G Fleet but must use the actual distance operated while registered with DMB Trucking Company. However, ABC wishes to add a new Jurisdiction J in which it had never previously operated or apportioned and may use Estimate Distance within the calculation.

Jurisdiction	Distance operated with DMB Trucking	Percentage
F	1,000	16.667%
G	2,000	33.333%
H	500	8.333%
I	1,500	25.000%
J	1,000 <i>Estimated</i>	16.667%
Total	6,000	100%

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. Amended:

425 ADDITIONAL VEHICLES

(a) A Registrant may add Vehicles to its Fleet after the beginning of the Registration Year. The apportioned fees for such added vehicles shall be calculated according to the apportionment percentages reported in the Registrant’s initial application for the registration of its Fleet for the year, subject to such adjustments as may have been necessary since registration was issued to the Fleet.

(b) The apportioned fees for Vehicles added to a Fleet during the Registration Year shall be determined according to the requirements of each Member Jurisdiction for which registration is sought. Unless a Member Jurisdiction for which registration is sought imposes a different requirement, the Base Jurisdiction shall calculate the Apportionable Fees from the first day of the month in which the Vehicles are added to the Fleet.

(c) If a reallocation of Vehicles by a Registrant is described in Section 430, the registration of the Vehicles in the resulting Fleet shall be governed by Section 430 rather than by this Section 425.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Sections 600, 602.

430 FLEET CONSOLIDATION

A Registrant may combine two or more existing Fleets of its Apportioned Vehicles. In such a situation, the Apportionable Fees of the Vehicles in the resulting Fleet shall be determined according to the actual distances accrued in the Reporting Period by all the Vehicles in the resulting Fleet.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

435 REFUNDS AND CREDITS

If an Apportioned Vehicle is withdrawn from a Fleet during a Registration Year, the amount of the Apportionable Fee for the Vehicle for the remainder of the Registration Year shall be available for transfer to the registration of a replacement Vehicle in the Fleet or subject to the law of each Member Jurisdiction, may be credited or refunded to the Registrant.

Official Commentary

The intent of this Section is to leave the availability to a Registrant of a credit or refund of Apportionable Fees paid to an individual Member Jurisdiction up to the law of that Jurisdiction. “Withdraw” includes destruction, sale, or other complete removal from a Registrant’s Fleet.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 700.

440 CREDIT FOR REPLACEMENT VEHICLES

(a) The Base Jurisdiction may require a Registrant to notify the Base Jurisdiction when the Registrant withdraws an Apportioned Vehicle from its Fleet during the Registration Year.

(b) Each Member Jurisdiction shall allow a Registrant to transfer the registration of a Vehicle withdrawn from a Fleet to a replacement Vehicle in accordance with each Member Jurisdiction’s transfer requirements. Additional Apportionable Fees resulting from an increase in gross weight or other factors, if any, shall be calculated as determined in accordance with the law of the Member Jurisdiction.

Official Commentary

There is no implication that an additional fee will necessarily be due upon the transfer of a registration; that is a matter for Jurisdiction law.

HISTORICAL NOTES

Related Provisions, 2006 Plan: Section 702.

445 FOREIGN EXCHANGE

When the Base Jurisdiction bills a Registrant for an apportioned fee to cover registration in a Member Jurisdiction that has an official currency different from that of the Base Jurisdiction, the Base Jurisdiction shall either determine the amount to be billed according to the prevailing exchange rate, which shall be, for each month, the index rate set by the U.S. Federal Reserve Board at 12:01 p.m., Eastern Time, on the third Monday of the preceding month; or it shall bill in the units of currency of the other Member Jurisdiction.

Related Provisions, 2006 Plan: Section 408.

ARTICLE V REGISTRATION OF APPORTIONABLE VEHICLES

500 BASE JURISDICTION REGISTRATION

The Base Jurisdiction shall register an Apportionable Vehicle under the Plan and issue Credentials when an Applicant has provided all information required and has paid all Apportionable Fees.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**
Related Provisions, 2006 Plan: Section 500.

505 CANCELLATION OF REGISTRATION

The Base Jurisdiction shall cancel, suspend, or revoke any apportioned registration if the registration was granted erroneously, or if the Registrant fails to pay any Apportionable Fees.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**
Related Provisions, 2006 Plan: Section 504.

510 OPERATION UNDER PLAN REGISTRATION

An Apportioned Vehicle registered under the Plan, and Vehicles covered under Section 525, shall be deemed fully registered for any type of movement or operation in all Member Jurisdictions where the Vehicle is apportioned or granted Reciprocity; provided, however, that the operator of such a Vehicle may be required to obtain interJurisdictional or intraJurisdictional authority to operate in or through a particular Jurisdiction.

Official Commentary

Vehicles registered as provided in Section 500 are deemed fully registered for any type of movement or operation provided appropriate regulatory authority is held, if necessary.

Since some statutes of Member Jurisdiction require the payment of full registration fees in the event a Vehicle is to be operated intraJurisdictionally (Vehicle movement point to point within a single Jurisdiction), it was believed necessary to add a provision indicating that proportionally registered Vehicles are “deemed fully registered even though full fees have not been paid.” This provision should be construed in light of its purpose, i.e., to make intraJurisdictional operations possible with only a proportional payment of fees. This provision should not be construed to cause the imposition of other fees and taxes (state, federal, or provincial) not otherwise applicable under statute. Vehicles proportionally registered pursuant to the Plan are receiving Reciprocity and are exempt from further registration.

515 RECIPROCITY FOR TRAILING EQUIPMENT

(a) A Trailer, Semi-Trailer, or Auxiliary Axle properly registered in any Jurisdiction shall be granted full and free Reciprocity. This Reciprocity shall be deemed registration under the Plan, and shall apply to both InterJurisdictional Movement and IntraJurisdictional Movement or operation, provided that appropriate regulatory authority is held, if required.

(b) When registration fees are paid for the registration of an Apportionable Vehicle, full and free Reciprocity shall be granted to all Trailers, Semi-Trailers, and Auxiliary Axles used in a combination with that Apportionable Vehicle.

(c) No Member Jurisdiction shall require a Registrant of Power Units to register a number of Trailers, Semi-Trailers, or Auxiliary Axles in any proportion to the Registrant's apportioned Fleet of Power Units.

Related Provisions, 2006 Plan: Section 404.

Related DRC Action, 2006 Plan: Dispute Resolution Committee Decision 96.2, April 15, 1996.

520 STAGGERED REGISTRATION

(a) The Base Jurisdiction may issue apportioned registration for Fleets so that all such registrations expire at the same time or it may stagger the expiration of such registrations throughout the year.

(b) During a Member Jurisdiction's transition to staggered registration, it shall not issue registrations for apportioned Fleets that cover a period of more than 18 months or less than 6 months.

Official Commentary

Staggered registration refers to the practice adopted by many Jurisdictions of issuing twelve-month registrations which expire at different dates during a calendar year, thus serving to spread out the issuing agency's workload. The Plan does not require a member to stagger its registrations; subsection (b) is intended to prevent an undue burden on both Registrants and other members.

It is intended that all the registrations of the Vehicles in a Fleet registered under the Plan expire at the same time. A Registrant may have more than one Fleet, however, and these may have different expiration dates under a system of staggered registration.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 402.

525 TRIP PERMIT REGISTRATION

(a) A Member Jurisdiction may issue a Trip Permit for a Vehicle or Combination of Vehicles in lieu of apportioned or full registration. Each Member Jurisdiction may determine the form and manner in which it issues Trip Permits.

(b) An Apportionable Vehicle or Combination of Vehicles under a Trip Permit may be used in interJurisdictional or intraJurisdictional operations.

(c) Member Jurisdictions may provide for the issuance of Trip Permits for each other so that Vehicles may move without waiting for separate authorization from each Member Jurisdiction.

(d) A Member Jurisdiction that issues a Trip Permit on behalf of another Member Jurisdiction shall collect the applicable Trip Permit fee and forward it to the other Member Jurisdiction.

Official Commentary

A Registrant may have three registration alternatives: (i) obtaining a Trip Permit, (ii) full registration, and (iii) apportioned registration under the Plan. It is clear that the drafters' intent was to provide for an optional alternative, available to the Registrant at its election.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Sections 908, 1400, 1400, 1402, 1404, 1408.

530 UNLADEN VEHICLE REGISTRATION—HUNTER'S PERMITS

Each Member Jurisdiction shall provide a means of temporary registration of unladen Apportionable Vehicles. Such registration shall be issued for a minimum fee and for a registered gross weight not in excess of the empty weight of the Vehicle or Combination of Vehicles being registered. The evidence of registration issued under this Section shall be valid in all Member Jurisdictions.

Official Commentary

This Section requires each Member Jurisdiction to develop a method by which a Vehicle owner moves an empty Vehicle from one Fleet to another without violating general registration statutes, thereby avoiding unwarranted statutory penalties which might otherwise apply.

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 910.

ARTICLE VI CREDENTIALS

600 CREDENTIALS FOR APPORTIONED REGISTRATION

- (a) Upon the registration of an Apportionable Vehicle under the Plan, the Base Jurisdiction shall issue a Cab Card and a Plate for the Vehicle, and these shall be the sole registration Credentials issued for the Vehicle. The Plate shall be identified by having the word “apportioned,” “APP,” or “PRP” and the name of the Base Jurisdiction. The numbering system and color of the Plate shall be determined by the Base Jurisdiction.**

- (b) A Base Jurisdiction shall require that the Cab Card be carried in the Vehicle for which it is issued. A Base Jurisdiction may issue a Cab Card by electronic means and may permit Registrants to use photocopies of Cab Cards. Member Jurisdictions must accept a Cab Card that has been issued in accordance with the law of the Base Jurisdiction.**

- (c) The Base Jurisdiction shall provide a means by which law enforcement can verify the validity of its Cab Cards.**

- (d) The Base Jurisdiction may charge an additional fee for issuing a Cab Card and Plate.**

- (e) When the Base Jurisdiction renews the registration of an Apportioned Vehicle, the Base Jurisdiction may, in lieu of issuing a renewal Plate, issue a renewal decal to be affixed to the Plate already issued for the Vehicle, or may, if the Base Jurisdiction requires neither renewal Plates nor renewal decals, issue only a renewal Cab Card.**

- (f) The Base Jurisdiction shall not issue Credentials for an Apportioned Vehicle until the Registrant has paid all Apportionable Fees due or past due.**

Official Commentary

Only the Base Jurisdiction may charge a fee for the issuance of a Plate that is in addition to the proportional registration fee, since only the Base Jurisdiction may issue such a Plate.

Only the Base Jurisdiction may issue a Cab Card.

Unless required by the Base Jurisdiction, the original Cab Card issued by the Base Jurisdiction is not required to be kept with the Apportioned Vehicle for which the Cab Card was issued.

This Section is not intended to require any Member Jurisdiction to issue a Plate or renewal decal on an annual basis.

The requirements of subsection (f) do not apply to the issuance of temporary evidence of apportioned registration under Section 620.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**
Related Provisions, 2006 Plan: Sections 500, 502.

605 DISPLAY OF REGISTRATION CREDENTIALS; RENEWAL CREDENTIALS

(a) A Plate issued by the Base Jurisdiction shall be affixed to the Apportioned Vehicle for which it has been issued in accordance with the law of the Base Jurisdiction.

(b) Except as provided in subsection (c), when a Registrant receives renewal Credentials for an Apportioned Vehicle prior to the commencement of the registration period for which they are issued, the Registrant may remove the previously issued Plate and display the renewal Plate prior to the commencement of the new registration period. Both the Cab Card from the prior registration period and the Cab Card for the renewal period shall be carried in the Vehicle until the new registration period begins.

(c) When a Registrant moves an Apportioned Vehicle from one Base Jurisdiction to another near the end of a Registration Year, the Registrant must continue to carry in the Vehicle the previously-issued Cab Card until the new Registration Year begins, but may display both the new Base Jurisdiction's Plate and Cab Card as soon as they are issued.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**
Related Provisions, 2006 Plan: Section 502.

610 CONTENTS OF THE CAB CARD

The Cab Card issued for an Apportioned Vehicle shall contain on its face the Member Jurisdictions where the Apportioned Vehicle is proportionally registered, the weight (in pounds or kilograms) or number of combined Axles for which it is registered in each one, and any other necessary information, including:

- (i) the date the Apportioned Vehicle was registered, the date of issuance of the Cab Card, or the effective date of the registration,**
- (ii) the expiration date of the Cab Card (and the Enforcement Date, if a Grace Period applies),**
- (iii) the model year of the Apportioned Vehicle,**
- (iv) the make of the Apportioned Vehicle,**
- (v) the vehicle identification number of the Apportioned Vehicle,**
- (vi) the assigned number of the Plate issued for the Apportioned Vehicle,**

- (vii) the equipment number of the Apportioned Vehicle,**
- (viii) the Registrant's name and address, and**
- (ix) the account number assigned to the Fleet by the Base Jurisdiction.**

Official Commentary

The weight or number of combined Axles for which the Apportioned Vehicle is registered must appear on the face of the Cab Card so that enforcement personnel can know whether an Apportioned Vehicle is operating in excess of its registered weight or number of combined Axles.

An Apportioned Vehicle must not only be properly registered in its Base Jurisdiction with regard to declared gross weight, it must also comply with existing weight laws or regulations in other Member Jurisdictions into or through which it operates. For example, the payment of Apportionable Fees in Member Jurisdiction X at a declared gross combined weight of 80,000 pounds does not of itself authorize the operation of that Vehicle at 80,000 pounds in Member Jurisdiction Y, where the legal weight limit may be lower.

The term "other necessary information" refers to information required by Member Jurisdiction registration statutes and is not to be construed to require unrelated information, such as fuel use tax account numbers, operating authority numbers, weight-distance tax account numbers, etc.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Sections 500,502.

615 PLATES OF WITHDRAWN VEHICLES

(a) If an Apportionable Vehicle is withdrawn from a Fleet during the Registration Year because the Vehicle has been sold, destroyed, or otherwise removed from the service of the Registrant, the Base Jurisdiction may require the Registrant to return the Plate issued for the Vehicle or certify that the Plate has been destroyed, lost, stolen, or held for re-use.

(b) The Base Jurisdiction may reassign the Plate to the Registrant's replacement Vehicle, if there is one.

620 TEMPORARY EVIDENCE OF APPORTIONED REGISTRATION

(a) The Base Jurisdiction may issue temporary evidence of apportioned registration pending the issuance of Credentials, and such temporary evidence of apportioned registration shall be recognized by other Member Jurisdictions.

(b) The temporary evidence of apportioned registration shall identify the Member Jurisdictions for which the Vehicle has been registered and the Vehicle weight or other qualifying information for each Member Jurisdiction. The temporary evidence of registration shall specify the effective date of the Vehicle's registration and an expiration date for the temporary evidence of registration that is not later than 60 calendar days following the Effective Date. The Base Jurisdiction issuing temporary evidence of apportioned registration shall collect all Apportionable Fees due to other Member Jurisdictions with respect to the Vehicle, and shall, under Section 1210, promptly suspend the registrations of a Registrant which fails to pay all Apportionable Fees due.

(c) The temporary evidence of apportioned registration may be issued by electronic means so long as it can be verified by law enforcement.

Official Commentary

It is the intent of this Section to provide a means for a Member Jurisdiction to issue temporary evidence of registration to a Registrant pending the issuance to that Registrant of Credentials. A Member Jurisdiction is not required to provide for the issue of such temporary evidence of registration, but if it does, such evidence of registration shall be recognized by other Member Jurisdictions as valid. It is the duty of the Member Jurisdiction issuing temporary evidence of registration to ensure that all **Apportionable Fees** are collected from the Registrant in a timely manner.

ARTICLE VII HOUSEHOLD GOODS CARRIERS

700 EQUIPMENT LEASED FROM SERVICE REPRESENTATIVES

A Household Goods Carrier using an Apportionable Vehicle Leased from a Service Representative may elect that the Base Jurisdiction for such Vehicle be either that of the Service Representative or that of the Household Goods Carrier.

Related Provisions, 2006 Plan: Section 1200.

705 REGISTRATION IN BASE OF SERVICE REPRESENTATIVE

When a Household Goods Carrier elects under Section 700 to base an Apportionable Vehicle in the Base Jurisdiction of a Service Representative, the Vehicle shall be registered in the name of the Service Representative, with the name of the Household Good Carrier shown as the Lessee, and the fees for the Vehicle shall be apportioned according to the combined records of the Service Representative and the Household Goods Carrier. All of the records pertaining to the Vehicle shall be available in the Base Jurisdiction of the Service Representative. A Vehicle registered under this Section shall be deemed fully registered for operations under the authority of the Service Representative as well as that of the Household Goods Carrier.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**
Related Provisions, 2006 Plan: Section 1204.

710 REGISTRATION IN BASE OF CARRIER

If a Household Goods Carrier elects under Section 700 to base an Apportionable Vehicle in the Base Jurisdiction of the Household Goods Carrier, the Vehicle shall be registered in the name of the Household Goods Carrier as well as the name of the Service Representative, as Lessor, and the fees for the Vehicle shall be apportioned according to the combined records of the Household Goods Carrier and the Service Representative. Such records shall be made available in the Base Jurisdiction of the Household Goods Carrier. A Vehicle registered under this Section shall be deemed fully registered for operations under the authority of the Service Representative as well as that of the Household Goods Carrier.

Official Commentary

The names of both the Household Goods Carrier, as Lessee, and Service Representative, as Lessor, must be shown since the Vehicle is operated on an intermittent basis under the Household Goods

Carrier's interJurisdictional operating authority, pursuant to the regulations of the U.S. Department of Transportation, and the Service Representative's intraJurisdictional operating authority pursuant to regulations promulgated by a state or province. IntraJurisdictional distance records are maintained by the Service Representative and interJurisdictional distance records are maintained by the Household Goods Carrier and furnished to the Service Representative.

ARTICLE VIII MOTOR BUS APPORTIONMENT

800 APPLICATION FILING

Related Provisions, 2006 Plan: Section 1302.

805 DETERMINATION OF DISTANCE

The Apportionable Fees of a Fleet that is involved in a Pool may be calculated using apportionment percentages derived according to Sections 405 and 415 or, in the alternative, at the option of the Applicant, the apportionment percentage for each Member Jurisdiction in which registration is sought may be calculated by dividing (a) the scheduled route distance operated in the Member Jurisdiction by the Vehicles in the Pool by (b) the sum of the scheduled route distances operated in all the Member Jurisdictions for which registration is sought by the Vehicles in the Pool. Scheduled route distances shall be determined from the farthest point of origination to the farthest point of destination covered by the Pool. If a Registrant has used this method to register its Fleet initially for a Registration Year, it shall also use this same method to register any Apportionable Vehicles it may add to its Fleet during the year.

ARTICLE IX RENTAL VEHICLE REGISTRATION

900 BASE JURISDICTION FOR RENTAL FLEET

A rental company applying to register a Rental Fleet under the Plan shall select a Base Jurisdiction for the Fleet according to Section 305; except that when the term of the Lease of the Vehicles in the Fleet is greater than 60 days, the Lessee must (1) have an Established Place of Business in the Base Jurisdiction selected, and (2) the Fleet must accrue distance in the Base Jurisdiction selected.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 1111.

905 RENTAL PASSENGER CARS

Rental passenger car registrations may be allocated based on revenue earned in each Jurisdiction. Properly allocated rental passenger cars may be rented in any Member Jurisdiction. To determine the percentage of total Rental Fleet Vehicles to be registered in a Jurisdiction:

(i) Divide the gross revenue earned in a Jurisdiction in the preceding year for the use of all rental passenger cars by the gross rental revenue earned in all Jurisdictions and

(ii) Multiply the number of Vehicles in the Rental Fleet by the percentage determined in clause (i).

For purposes of this Section, gross rental revenue is earned in a Jurisdiction when the Vehicle rented first comes into the possession of the Lessee in that Jurisdiction.

Official Commentary

It is the intent of this Section that implementation of rental passenger car Allocation be optional on the part of a Member Jurisdiction.

910 RENTAL UTILITY TRAILERS

The owner of rental utility Trailers of gross Vehicle weight 6,000 pounds (2,751.554 kilograms) or less shall register in each Member Jurisdiction a number of Trailers equal to the average number of Trailers rented in or through the Member Jurisdiction during the

preceding year. For this purpose, a Trailer shall be considered to be rented in or through the Member Jurisdiction in which the Trailer first comes into possession of the Lessee.

The purpose of such an Audit shall be to assess the accuracy of the distances reported in a Registrant's application for apportioned registration and, where inaccuracies are found, to adjust the Registrant's fees accordingly.

(b) Each Member Jurisdiction shall conduct a number of Audits equivalent to an average of 3% per year of the number of Fleets whose registration it renews annually under the Plan, as required to be reported by the Member Jurisdiction in the annual report filed pursuant to the Plan. Upon the peer review of a Member Jurisdiction, this requirement shall be deemed to have been met if, during the interval since the previous peer review of the Member Jurisdiction, it has audited an average of 3% of the number of renewed Fleets.

(c) A new Member Jurisdiction shall not be required to conduct Audits until the January following its first full twelve months of full participation in the Plan.

(d) For purposes of this requirement, the examination of one Fleet for one Registration Year shall be deemed to be one Audit.

(e) Nothing in this Section shall preclude a Member Jurisdiction from conducting more Audits than it is required to under this Section, or from Auditing a Registrant more than once during the interval between peer reviews.

(b) In a joint Audit, the Base Jurisdiction of the Registrant under Audit shall provide the other Member Jurisdictions participating in the Audit with adequate information concerning the Registrant.

(c) Upon the completion of a joint Audit, the Base Jurisdiction shall be responsible for providing Audit findings agreed upon by the participating Member Jurisdictions to all Member Jurisdictions in which the Registrant was apportioned or in which it traveled in a timely manner, for collecting and distributing Apportionable Fees adjusted pursuant to the Audit, and for resolving disagreements with the findings of the Audit.

(c) A reexamination conducted under this Section shall be based exclusively on the sample period used conducting the Audit.

(d) Reexaminations shall be performed within a reasonable time and in cooperation with the Base Jurisdiction.

1055 POST-AUDIT ASSESSMENTS—TIME PERIODS

Upon the conclusion of the Audit of a Registrant, the Base Jurisdiction shall assess the Registrant for any deficiency found to be due to any Member Jurisdiction. Unless an extension is granted by the Registrant, no assessment for deficiency or any refund may be made for any period for which the Registrant is not required to maintain records.

1065 NETTING OF AUDIT ADJUSTMENTS

- (a) When an Audit finds a net underpayment by the Registrant, the Base Jurisdiction shall collect the amount of the underpayment from the Registrant pursuant to the Base Jurisdiction's laws and procedures.**
- (b) Upon collection of any underpayment, the Base Jurisdiction shall transmit the fee changes to each affected Member Jurisdiction within 30 calendar days following the transmittal period during which such payment was received.**
- (c) If the Base Jurisdiction determines a net underpayment to be uncollectible, any credits due the Registrant, plus any partial payments made by the Registrant, shall be used to offset additional fees due to Member Jurisdictions on a pro-rata basis.**
- (d) When an Audit finds a net overpayment by the Registrant, the Base Jurisdiction shall refund the amount of the overpayment to the Registrant; except that, if the Registrant failed to make necessary records available for examination or if the records made available were inadequate to conduct an Audit of the Registrant, the fees netted pursuant to the Audit shall not include credits for the Registrant which arise by virtue of the unavailability or inadequacy of its records.**
- (e) If the Audit findings indicate a net overpayment by the Registrant, the Base Jurisdiction shall transmit the fee changes to each affected Member Jurisdiction within 30 calendar days following the transmittal period during which the overpayment was refunded.**

Official Commentary

When, pursuant to the Base Jurisdiction Audit of a Registrant under the Plan, adjustments are made to the fees owed by the Registrant, this section requires those adjustments to be netted; that is, additional fees that may be owed by the Registrant to a Jurisdiction or Jurisdictions are to be offset by any overpayments the Registrant may have made to other Jurisdictions. Only the net amount is to be collected from the Registrant or credited or refunded to the Registrant, as the case may be.

Under subsections (d) and (f), however, netting is not to proceed if the Registrant's records are inadequate.

1070 AUDIT TRANSMITTALS

Apportionable Fees adjusted pursuant to Audit shall be transmitted to Member Jurisdictions in the form of an appendix to required periodic transmittals among Member Jurisdictions in accordance with Section 1215. Audit transmittal information shall include each Audited Registrant's name and account Fleet number, each Registration Year Audited, each Registrant's adjusted Apportionable Fees due to or from a Member Jurisdiction, and the total of adjusted Apportionable Fees transmitted or due.

ARTICLE XI MEMBERSHIP AND EXCEPTIONS

1100 JURISDICTIONAL MEMBERSHIP IN THE PLAN

- (a) A Jurisdiction may apply to become a Member Jurisdiction by executing an adopting resolution and submitting it to the Repository.**
- (b) The adopting resolution shall contain such other information as may be specified by the Repository.**
- (c) Upon receipt of the executed adopting resolution, the Repository shall provide a copy of the resolution together with a ballot to all Member Jurisdictions.**
- (d) In order for the Jurisdiction to become a Member Jurisdiction, this ballot must be approved by all Member Jurisdictions.**
- (e) Ballots of Member Jurisdictions shall be cast not later than 120 calendar days following the date of distribution by the Repository. If a Member Jurisdiction does not notify the Repository of its approval or rejection of an adopting resolution within such time, the Member Jurisdiction shall be deemed not to have approved the admission of the Jurisdiction as a Member Jurisdiction.**
- (f) There shall be an implementation period of 120 calendar days following the date on which a Jurisdiction becomes a Member Jurisdiction. The purpose of this implementation period is to allow Registrants to come into compliance with the Plan. Any preexisting Reciprocity Agreements affecting the new Member Jurisdiction shall remain in effect throughout the implementation period.**

Official Commentary

This Section means that a nation or a primary political subdivision of a nation may seek to become a Member Jurisdiction. It is expected that if a nation joins the Plan, it will administer interJurisdictional registration on behalf of its subdivisions. The list of potential members is intended to be exclusive; membership in the Plan is not open to local governments or such entities as Indian tribes.

1105 WITHDRAWAL AS A MEMBER

(a) A Member Jurisdiction may cancel its membership in the Plan by submitting a notice to the Repository to that effect, executed by the appropriate officials of the Member Jurisdiction. The effective date of such a cancellation shall not be less than 30 calendar days from the date of notification. The Repository shall immediately notify the other Member Jurisdictions of the cancellation.

(b) The cancellation of a Member Jurisdiction's membership in the Plan shall not affect the validity of any Credentials issued under the Plan until the end of the canceling member's current Registration Year.

(c) Cancellation by one Member Jurisdiction shall not affect the agreement as between other Member Jurisdictions.

HISTORICAL NOTES

Related Provisions, 2006 Plan: Section 1802.

1110 JURISDICTION EXCEPTIONS

(a) A Jurisdiction that applies to be a Member Jurisdiction of the Plan shall specify any Exceptions to the Plan in the adopting resolution required under Section 1100 of the Plan. The Exceptions made by a Jurisdiction that becomes a Member Jurisdiction of the Plan shall be effective upon the date it becomes a Member Jurisdiction and shall be listed in Appendix B.

(b) No Member Jurisdiction may adopt an Exception that would conflict with the following principles:

(i) a single registration Plate and a single registration Cab Card shall be issued for each Apportionable Vehicle of a Registrant's Fleet, and only by the Registrant's Base Jurisdiction; and

(ii) a Fleet registered under the Plan shall be authorized to make both interJurisdictional and intraJurisdictional movements.

Official Commentary

When the Plan was first developed, and membership in it was voluntary, it was felt to be important to provide for a means by which a Jurisdiction could join the Plan without meeting every Plan requirement – hence, the provisions in IRP for Exceptions. A number of states did join with Exceptions. Over the years, some of these were found to be burdensome for other Jurisdictions to accommodate, and pressure grew for the elimination of all Exceptions, or at least their periodic review by means of membership ballot. As of the effective date of Ballot FT 333, no Member Jurisdiction has an Exception. Nevertheless, it is felt advisable to retain within the Plan a mechanism for the establishment of an Exception by a Jurisdiction, should this prove to be necessary in the future.

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**
Related Provisions, 2006 Plan: Sections 1900, 1908.

1115 PERIODIC APPROVAL OF EXCEPTIONS

All Exceptions to the Plan shall be subject to periodic review by the Member Jurisdictions. In even-numbered years, the Repository shall for each existing Exception submit a ballot to the Member Jurisdictions to approve or disapprove its continuation. The extension of each Exception shall require the approval of four-fifths of all of the Member Jurisdictions.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**
Related Provisions, 2006 Plan: Section 1902.

1120 AMENDMENTS TO EXCEPTIONS

A Member Jurisdiction that has made an Exception to the Plan may amend it. A Member Jurisdiction desiring to do so shall submit the proposed amendment to the Repository, which shall distribute the proposed amendment to the Member Jurisdictions in the form of a ballot. The amendment to an Exception shall require the approval of four-fifths of all Member Jurisdictions and, upon approval; the amended Exception shall be effective in the first Registration Year that begins after 30 calendar days following approval.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**
Related Provisions, 2006 Plan: Section 1904.

1125 CANCELLATION OF EXCEPTIONS

A Member Jurisdiction that has made an Exception to the Plan may cancel it by notifying the Repository of its desire to do so. The Repository shall promptly notify the other Member Jurisdictions, and the cancellation shall be effective upon such notification.

ARTICLE XII MEMBER JURISDICTION DUTIES AND COOPERATION

1200 COOPERATIVE AGREEMENT

The Plan is a cooperative agreement, membership in which entails the fulfillment of certain duties:

(a) Each Member Jurisdiction shall administer the Plan in such a way that no other Member Jurisdiction is unfairly disadvantaged and with a reasonable degree of care and prudence toward the interests of the other Member Jurisdictions.

(b) The Base Jurisdiction shall cooperate with other Member Jurisdictions in connection with applications and the collection of Apportionable Fees.

(c) Each Member Jurisdiction shall exercise particular care with respect to the administration of any aspect of the Plan that affects the Apportionable Fees of other Member Jurisdictions.

(d) Each Member Jurisdiction shall expend reasonable resources to enforce the provisions of the Plan, and to be vigilant against fraud and sham, particularly in the areas of Registrant basing and estimates of distance.

(e) Each Member Jurisdiction shall administer the Plan in a way consistent with the fundamental purpose of the Plan set forth in Section 105.

Official Commentary

Among other things, this Section is to be understood to require a Member Jurisdiction to take reasonable measures to prevent an Applicant from using a Grace Period to escape the payment of Apportionable Fees.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

Related Provisions, 2006 Plan: Section 410

1205 FEE CHANGES

(a) Whenever a Member Jurisdiction notifies the Repository of a change in the Member Jurisdiction's Apportionable Fees for apportioned registration, the Repository shall within ten calendar days notify the other Member Jurisdictions of the change.

(b) When notified of a change in a Member's Apportionable Fees, each other Member Jurisdiction shall implement the change within 120 calendar days.

(c) A Member Jurisdiction that implements a change in another Member Jurisdiction's

Apportionable Fees within 120 calendar days of receiving notice of the change shall not be responsible for any rebilling or credit adjustments which may result from an earlier effective date of the change.

(d) A Member Jurisdiction shall submit the notice of a change in Apportionable Fees in such a format as may be established by the Repository.

Official Commentary

It is critical to the proper administration of the Plan that changes in Apportionable Fees be implemented timely by all Member Jurisdictions. The Section attempts to balance the need for a Member Jurisdiction to have all its Apportionable Fees collected, the need for a reasonable period to time for other Member Jurisdictions to accomplish an implementation, and the consequences of delay. The drafters' solution has been to make the Member Jurisdiction with the change responsible for timely notification and the other Member Jurisdictions responsible for timely implementation.

Related Provisions, 2006 Plan: Section 306

1210 TIMELY COLLECTION OF APPORTIONABLE FEES

The Base Jurisdiction shall, within 90 calendar days of the issuance of an apportioned registration or temporary evidence of Apportioned Registration, suspend the registrations of a Registrant that has failed to pay all Apportionable Fees due.

Official Commentary

This Section provides a necessary safeguard for revenues of Member Jurisdictions. Its intent is to ensure that a Registrant pays all the Apportionable Fees it owes under the Plan within at most 90 calendar days of the issuance of registration privileges or has its account - that is, all its Plan registrations - suspended by its Base Jurisdiction.

HISTORICAL NOTES

Adopted: Ballot FT-333, effective July 1, 2008. **Amended:**

1215 FEE TRANSMITTALS

(a) A Member Jurisdiction shall establish and follow procedures by which it shall regularly transmit to each other Member Jurisdiction all of the Apportionable Fees it has collected under the Plan for such other Member Jurisdiction. Such procedures shall ensure that fee transmittals are timely, complete, and accurate. The transmittals shall contain all information necessary for the receiving Member Jurisdiction to verify Apportionable Fees paid. The transmittals and appropriate funds shall be mailed or electronically transmitted to other Member Jurisdictions within the 30 days following the close of the transmittal period.

(b) The Base Jurisdiction shall regularly and promptly transmit to each other Member Jurisdiction the Apportionable Fees it has collected for the Member Jurisdiction. In no event shall transmittals be made less frequently than once each calendar month.

(c) A fee transmittal may be made by mail, express delivery service, or electronically.

(d) If the Repository operates a clearinghouse, a Member Jurisdiction may fulfill its obligation under this Section by transmitting the appropriate Apportionable Fees and information to the clearinghouse.

(e) Transmittals or supporting documentation shall contain at least the following information:

- (i) Registrant account number,**
- (ii) Registrant name,**
- (iii) Registration Year,**
- (iv) batch number or date range,**
- (v) amount of payment,**
- (vi) original or supplement number,**
- (vii) distance and apportionment percentage,**
- (viii) payment date,**
- (ix) number of months for which Apportionable Fees are calculated,**
- (x) Vehicle types,**
- (xi) Vehicle weights (both old and new weights in the case of weight increases) or Axles for each Member Jurisdiction in which the Registrant is apportioned,**
- (xii) number of Vehicles,**
- (xiii) carrier type,**
- (xiv) supplement type, and**
- (xv) any additional data elements that pertain to the calculation of Apportionable Fees.**

1220 ANNUAL REPORT OF ACTIVITY

Each Member Jurisdiction shall submit to the Repository by March 1 of each year an annual report of the Member Jurisdiction's Plan activity for the preceding calendar year. This report shall contain the information required by Appendix C.

Official Commentary

Compliance with the requirement set out in this Section is necessary for an assessment of the adequacy of each Member Jurisdiction's operational and Audit data.

1225 FEE TEST

A Member Jurisdiction shall complete an annual fee test according to such a format and schedule as determined by the Peer Review Committee.

Official Commentary

Compliance with the requirement set out in this Section is necessary for an assessment of the accuracy of each Member Jurisdiction's calculation of Apportionable Fees due to other Member Jurisdictions.

The payment of full dues of a Member Jurisdiction entitles every eligible official for such state, province, or political subdivision to active membership.

(b) Dues shall be as set forth in Appendix D. Changes to dues shall be proposed by the Board, and must be submitted to all Member Jurisdictions by ballot in accordance with Section 1320 and approved by the affirmative vote of three-fourths of the number of Member Jurisdictions that have cast a ballot.

(c) If a Member Jurisdiction fails to make timely payment of dues, the Repository shall, by January 15 of each year, send notification to the Member Jurisdiction by certified mail, requesting immediate payment.

The Repository shall notify all Member Jurisdictions of the suspension of any Member Jurisdiction under this Section within ten calendar days of the date of the suspension.

(e) The Board may further restrict the delinquent Member Jurisdiction's right to participate in activities related to the Plan. If the Member Jurisdiction remains delinquent more than 90 calendar days following receipt of the certified letter, the Board may impose against the Member Jurisdiction any of the sanctions specified in Section 1410. If the Board imposes any of the sanctions specified in Section 1410, the Repository shall notify all Member Jurisdictions of the action within 30 calendar days.

1315 MEMBER JURISDICTIONS IN GOOD STANDING

A Member Jurisdiction shall be considered in good standing if it has paid its annual dues and when none of its rights and privileges under the Plan has been suspended. Only Member Jurisdictions in good standing shall be entitled to vote on matters requiring the vote of Member Jurisdictions under the Plan, except that all Member Jurisdictions shall be entitled to vote on the application of a Jurisdiction to become a Member Jurisdiction or upon the approval or amendment of an Exception to the Plan.

Official Commentary

It is the intent of this section to deprive members of the Plan that are not in good standing of the right to vote on most matters that come before the Plan membership. Since, however, the Plan is an agreement among sovereign governments; it is believed that all members must be allowed to vote, whatever their standing, on issues that affect the membership of the Plan; that is, membership for a new Jurisdiction and the approval or amendment of an Exception, which constitutes a condition of membership for the Jurisdiction making the Exception.

1320 MEMBERSHIP BALLOTS

Any issue that requires the approval of the Member Jurisdictions shall be determined by a ballot sent by the Repository to each Member Jurisdiction. Each Member Jurisdiction shall be entitled to one vote on a ballot and, prior to voting on a ballot or to the commencement of any meeting where a vote of the Member Jurisdictions may be required, shall designate to the Repository the person who shall cast the vote for the Member Jurisdiction. On any issue other than the entry of a Member Jurisdiction into the Plan, the failure of a Member Jurisdiction to act on a ballot within 120 calendar days of its receipt shall be deemed an abstention by the Member Jurisdiction.

1325 COMPOSITION OF THE BOARD OF DIRECTORS OF THE REPOSITORY

(a) Unless changed in accordance with this Section the Board shall consist of twelve voting members, selected as follows:

(i) Eight members of the Board shall be elected by the U.S. Member Jurisdictions, two Board members from each of the United States Regions. Nominations for these positions shall be solicited by the Repository and shall be made for each United States Region by its members, which shall submit to the Repository the names of nominees for each open position. The nominations shall be balloted and voted on, as provided in Section 1330, by the members of each United States Region. Board members so elected shall serve staggered terms of three years and shall not serve more than two consecutive terms.

(ii) One Board member from a U.S. Member Jurisdiction shall be elected to a position that shall rotate among the United States Regions, beginning with Region I. Nominations for this position shall be solicited by the Repository and shall be made by the members of the United States Region whose turn it is to fill the position, which shall submit to the Repository the names of nominees for the position. 1355 PEER REVIEW

(a) Each Member Jurisdiction's administrative procedures and Audit program will be reviewed regularly to determine its compliance with the Plan and the APM. Official Commentary

The experience of the Plan with the peer review process indicates strongly that peer review is critical for the maintenance of the necessary level of uniformity among the members of the Plan in their administration of IRP. Issues of member noncompliance with Plan requirements will often be disclosed by peer reviews, and the process of follow-up reviews and appeals has proved invaluable in ensuring that, in matters of importance, all members administer the Plan similarly and fulfill all of the obligations of Plan membership.
