California Cab Card

Description: The cab card and electronic version of the TRA are now printed on 8 ½ x 11 plain white paper. The California Seal is printed as a watermark behind the center of the page. In addition to the format change, both documents contain the following enhancements:

- "Registrant" is located after Operator/Lessee in the upper left portion of the document.
- The date the document was issued (Issued), the effective (Effective) date, and the date the document expires (Expire) can be found in the top portion of the document.
- The Type of Carrier in the account/vehicle description portion of the document located near the center of the document.
- The fleet number, US DOT number, and MX number Type of Carrier appear in the account/vehicle description portion of the document located near the center of the document.
- A bar code in the lower right corner.
- A unique number in the bottom left corner.
- The following statement appears in the Carrier Responsible for Safety area in the bottom left portion of the document when a carrier notifies the Department that the entity responsible for safety is expected to change during the registration period: "The carrier responsible for safety is expected to change during the registration period."
- There are no references to a "grace period" in the document. California does not have a grace period.
