**New York Cab Card**

**Description:** The upper left quarter of the New York’s Cab Card is a sticker for the windshield of the registered vehicle. The sticker should be placed in the lower driver side portion of the windshield. The upper right quarter of the document is the ownership document for vehicles that are not titled in New York (1972 and older vehicles). The lower half of the document is the cab card. As you can see, these documents are numbered and the number on the cab card should match the number on the windshield sticker.
