RE: 2017 Indiana Registration and Commercial Vehicle Excise Tax Fees

The State of Indiana has passed legislation that changes the Registration weight class ranges and fees to include those registered through IRP. The attached fee schedule reflects the new fee changes for the State of Indiana; it has been prorated and is in weight class ranges. This change also expands the plate transfer process it allows a Truck, Tractor, Truck Tractor, Road Tractor and For Hire Bus to be transferable between these vehicle types. Indiana also has a new Private Bus fee that is not transferred with the above listed vehicles; it can only be transferred to another Private Bus. The Private Bus fee has a set registration fee and is not prorated.

The 2017 Indiana Commercial Vehicle Excise Tax (CVET) schedule is attached, with the new weight class ranges and fees.

The new fees will go into effect on January 1, 2017.

If there are any questions from other jurisdictions about these IRP Fee changes please contact: Trish Smith, Supervisor of IRP (317)615-7271, e-mail: trsmith@dor.in.gov
