Memorandum

To: IRP

From: Duane Williams
Division Administrator
Motor Carrier Services Division

Date: February 5, 2018

Subject: Fee correction on Light Vehicles

During the 2017 session, Montana statues changed regarding light vehicles. Now a light vehicle with a manufacturer's rated capacity of 1 ton or less with a manufacturer's suggested retail of more than \$150,000 that is 10 years old or less, the annual registration fee is an additional \$825. Although unlikely, there may be the possibility that an IRP eligible vehicle will fall into this category.

Effective January 1st, 2018.

The corrected fee chart is attached and the correction is under Part 1 – Registration Fees. The change is highlighted. Also in yellow we clarified that it is manufacturer's rated capacity, not weigh for the registration feed.

If there are any questions from other jurisdictions about these IRP Fee changes please contact: Duane Williams, Motor Carrier Service Division Administrator - e-mail: duwilliams@mt.gov
