To All IRP Members Jurisdictions:

It has been brought to our attention that the South Carolina weight chart for apportioned buses stopped at 42,000 lbs. but should go up to 60,000 lbs. Attached you will find the corrected/updated chart with bus weight of 60,000. This is the only change associated with this notification.

If you have any questions regarding this matter, please contact the Motor Carrier Services Section at (803) 896-3870

Sincerely,
