

July 26, 2019

Tim Adams, CEO  
IRP Inc  
4196 Merchant Plaza #225  
Lake Ridge, VA 22192

Dear Mr. Adams:

RE: Enforcement Dates for Alberta IRP Plates

Please distribute the following information to all IRP member jurisdictions:

On July 29, 2019, Alberta Transportation is launching a new online International Registration Plan (IRP) system – the Alberta Transportation IRP Online System, or ATIOS.

To support our Prorate carriers and service providers with the transition to the new system the Registrar, Motor Vehicle Services with Alberta Transportation advises that under Section 75.1 of the Operator Licensing and Vehicle Control Regulation of Alberta a grace period is being provided through to August 31, 2019 for all trucks and busses with July 31, 2019 expiration validation stickers displayed on their Alberta IRP (PRP) plates. Please honor this grace period by delaying enforcement of expired apportioned plate decals on vehicles operating in your jurisdiction until August 31, 2019.

Please see that law enforcement from each IRP jurisdiction receives this information.

If you have any questions or require further information, please contact the Alberta Prorate Services Unit at 403-297-2920 or email [prorate@gov.ab.ca](mailto:prorate@gov.ab.ca).

Regards,

Terry Wallace  
Acting Registrar, Motor Vehicle Services  
Transportation Services Division  
Alberta Transportation  
Government of Alberta
