RICHMOND, VA 23219

**Stephen C. Brich, P.E.**  
Commissioner

March 13, 2020

**TO:** Affected Agencies and Shippers/Carriers  
**SUBJECT:** Waiver for carriers transporting essential emergency relief supplies or providing emergency restoration of infrastructure services.

In order to provide preparedness and response support to areas affected by COVID-19 Governor Northam has declared a State of Emergency to exist for the Commonwealth of Virginia and is seeking to grant temporary overweight, over width, registration, license, or hours of service exemptions to all carriers transporting essential emergency relief supplies to, through and from any area of the Commonwealth. This authorization also applies to water, food, heating oil, motor fuels or propane, or agricultural products, agricultural supplies, livestock and poultry, livestock and poultry feed and forest products, or providing restoration of utilities (including but not limited to electricity, gas, phone, water, wastewater, and cable) or removal of waste to, through, and from any area of the Commonwealth in order to support the COVID-19 response and recovery, regardless of their point of origin or destination.

As a result, the Virginia Department of Motor Vehicles authorizes a temporary waiver of registration and licensing requirements for carrier, and the Commissioner of Highways authorizes a temporary waiver of normal weight and width restrictions on roads controlled by the Virginia Department of Transportation, for the express purpose of ensuring that emergency essential supplies and services reach impacted areas in timely manner. This waiver is effective beginning 5:00PM March 12, 2020 until 5:00PM April 12, 2020 and includes an exemption in coordination with the Virginia Department of Emergency Management which activates the FMSCA Section 390.23 Relief of Regulations including hours of service. This waiver only pertains to statewide shippers and carriers associated with emergency relief efforts.

Weight exemptions are not valid on posted structures for restricted weight. The exemption shall not exceed the duration of the motor carrier's or drivers direct assistance in providing emergency relief, or 30 days from the initial declaration of emergency, whichever is less.
