WHEREAS on March 4, 2020, I proclaimed a State of Emergency to exist in California as a result of the threat of COVID-19; and

WHEREAS despite sustained efforts, COVID-19 continues to spread and is impacting nearly all sectors of California; and

WHEREAS the COVID-19 pandemic and the necessary physical distancing measures implemented to combat it have had widespread impacts on state and local governments, California Native American tribes, and on members of the public, making it impossible or impractical to adhere to certain statutory and regulatory deadlines; and

WHEREAS due to physical distancing protocols, it may be impossible or impracticable for lead agencies, responsible agencies, and project applicants to adhere to certain public filing and notice requirements under the California Environmental Quality Act; and

WHEREAS it is critical to protect the public health and safety and minimize the risk of COVID-19 exposure for workers engaged in essential activities, such as those handling reusable grocery bags or recyclable containers where recycling centers are not available; and

WHEREAS contact exposure at retail establishments, beverage dealers, and recycling centers could spread COVID-19, necessitating precautions to reduce the risk of exposure to COVID-19; and

WHEREAS under the provisions of Government Code section 8571, I find that strict compliance with various statutes and regulations specified in this Order would prevent, hinder, or delay appropriate actions to prevent and mitigate the effects of the COVID-19 pandemic.
