

## ISAE Scholarship Application

The ISAE Scholarship Committee will provide a scholarship of up to 50% of the event or institute cost. Recipients and/or their organizations are encouraged to contribute what they can toward the program cost. The Committee is empowered to go above that amount in hardship cases. Examples of hardship cases that can be reviewed by the Committee include loss of a job, a serious illness in the family or other extenuating circumstances. The number of scholarships will depend on available funds.

The criteria for eligibility for a scholarship include:

1. Scholarships are available to an ISAE member in good standing (regardless of time involved or leadership demonstrated).
2. Applicant should include a short description of the goal(s) for participating in the event: i.e., enhance skills for current position, new skills for an emerging need in the organization, etc.
3. Applicant should include a short description of funding constraints (limited professional development funds in organization, cost will be borne personally by the applicant, etc.).
4. Scholarship recipients will be asked to facilitate a round table discussion on their experience and they have learned or asked to write a blog post or article to share with other ISAE members.
