

Water Efficiency Committee

Chair: Danielle Gallet dgallet@metroplanning.org

MISSION: In line with National AWWA goals, the Illinois Section American Water Works Association's Water Efficiency Committee provides resources and educational materials about water efficiency for utilities.

GOALS:

- Communication, Education and Legislation surrounding water efficiency through the creation of useful materials and webinar opportunities
- Planning, Evaluation and Research around existing and cutting edge water efficiency concepts and news
- Programs and Technology as represented by our annual Water Saver Award, which recognizes one utility per year who has demonstrated excellent water efficiency practices
- Involvement with Other Regions - our committee continues to partner with other AWWA Sections and various collaborators on sharing educational opportunities for our members

PROFILE OF THE COMMITTEE:

We are an active and varied group made up of utility, consultant, governmental and non-profit representatives who work to promote the value of water and water service through the lens of water efficiency. We have fun and create supportive opportunities for water supply utilities to engage in sustainable water management practices including non-revenue water and efficiency programs.

WHY WOULD YOU WANT TO BE INVOLVED IN THIS COMMITTEE?

Easy way to get involved with a fun group of people at the Illinois Section of AWWA, and make a difference in ensuring sustainable water resource practices now and into the future!

FUN FACTS: Annual Water Saver Award, Water Efficiency Fact Sheets, Cutting Edge Research, Networking and Promotional Activities

TIME COMMITMENT: Committee members are expected to be active on the committee, which has a monthly call and two in-person meetings per year in addition to a particular project or initiative a committee member is expected to volunteer for.
