For Your Day-to-Day Challenges as a Water Professional, AWWA Membership is the Solution.

Join AWWA
Operations/Administrative Membership is for:
➤ Any operations and administrative staff below the supervisory level at a utility with more than 1,000 service connections.
➤ Any staff member at a utility with fewer than 1,000 service connections.

Water Professionals Face Greater Challenges Than Ever Before
From finding ways to fund infrastructure improvements to water treatment, quality and distribution best practices, AWWA Operations/Administrative Membership provides you with the technical know-how to face your daily challenges, maintain your licensure, and protect public health.
➤ Be prepared for what’s next in the water sector
➤ Earn and maintain your licensure
➤ Connect with other water professionals to share solutions to common problems
➤ Make a difference

About AWWA
Established in 1881, the American Water Works Association is the largest nonprofit, scientific and educational association dedicated to managing and treating water, the world’s most important resource. Through membership, AWWA creates products, services and information that help utilities with day-to-day operations, inform the public, improve public health, protect the environment, strengthen the economy and enhance our quality of life.

Be Prepared
Even the most experienced operator must stay up-to-date on developments in the water sector. You will receive a subscription to Opflow Magazine. This monthly magazine will:
➤ Keep you informed on best practices in the water sector
➤ Provide hands-on guidance to improve utility operations
➤ Offer in-depth articles on important topics such as water treatment, quality and distribution
➤ Test your knowledge with quizzes featuring questions found on certification exams

Be Prepared
Even the most experienced operator must stay up-to-date on developments in the water sector. You will receive a subscription to Opflow Magazine. This monthly magazine will:
➤ Keep you informed on best practices in the water sector
➤ Provide hands-on guidance to improve utility operations
➤ Offer in-depth articles on important topics such as water treatment, quality and distribution
➤ Test your knowledge with quizzes featuring questions found on certification exams

Find the latest news and research reports, like the State of the Water Industry report, at awwa.org and through AWWA Connections, a bi-weekly newsletter that features community news, colleague profiles, career tips and more.

Earn and Maintain Licensure
Staying sharp requires continued learning. Earn Continuing Education Credits (CEUs) you need to maintain your license. AWWA offers a variety of ways to earn CEUs:
➤ In-person workshops and conferences
➤ Training guides
➤ Webinars
➤ eLearning Courses

As a member, you will save up to 30% on continuing education and training materials and be able to earn CEUs in a way that fits your busy schedule.

I have thoroughly enjoyed all of the benefits that membership offers. It’s given me access to valuable technical resources, which I use on a regular basis, and more importantly, it’s connected me to like-minded individuals... in my region, as well as from around North America.”

Brad McIlwain
Application Engineer
Luminultra Technologies LTD
Halifax, Nova Scotia
Community Engineering Corps
Help underserved communities make local improvements. Community Engineering Corps harnesses the technical expertise of volunteers to help improve local infrastructure and community quality of life in the United States. Join and get involved today!
communityengineeringcorps.org

Connect With Water Professionals
Talk with your peers at local events and meet water-sector leaders at conferences across North America. Take advantage of the opportunities to share best practices and learn what others have done when they have confronted a crisis. Make a connection that could lead to your next job.

Your Local AWWA Section
AWWA Membership includes membership in your local Section and provides access to:
• Local events and CEU opportunities
• Region-specific news and information
• Ways to directly impact local water issues
• Networking opportunities in your community

Make a Difference
Share your passion about water with others. From participating in a Community Engineering Corps project to competing on a tapping team, AWWA has the right volunteer opportunity for you. There are over 160 volunteer committees to choose from.

AWWA has 43 local Sections in North America. You are automatically enrolled in a Section based on your address.* Some Sections require additional fees to better serve you.

AWWA is an organization of water professionals. Local treatment plant operators and managers, scientists, engineers, environmentalists, manufacturers, academicians, and regulators—we all hold genuine interest in maintaining an adequate water supply and preserving public health. But, when we work together in our different capacities, made easier through AWWA’s organization, we can provide world-class clean and sustainable life-giving water to the public.”
