Biobanking Interests		
Commitment to Data Integrity: I firmly believe that a stringent framework of standardized practices is		
paramount to ensuring the integrity, reproducibility, and reliability of biospecimen data.		
Professional Advocacy: As an experienced professional in the field, I have actively engaged in initiatives aimed at		
advancing the cause of standardization in biospecimen management.		
	-	
Alignment with ISBER's Mission: I am dedicated to contributing towards the mission of setting industry		
standards and promoting best practices in biobanking on a global scale.
