Dear Colleagues and Friends,

Dear Members of the International and Austrian Society for Extracellular Vesicles and of the Austrian Society for Blood and Transfusion (ÖGBT),

Welcome to the 5<sup>th</sup> Annual Meeting of the ÖGBT in Salzburg. We highly appreciate your participation at this meeting and we are honored to additionally organize a joint Satellite Meeting together with the International and the Austrian Society for Extracellular Vesicles (ISEV and ASEV). We look forward to stimulating discussions regarding the important issues of EV characterization and EV-based therapeutics with distinguished speakers from the international EV research community and to exciting presentations from active local research teams. I hope you enjoy the diverse and exciting program and will find sufficient opportunities for interdisciplinary exchange.

On behalf of ÖGBT, ISEV and ASEV I would also like to acknowledge and thank our industry partners who provide essential support for the meeting.

With best regards,
