Mission & Vision

• **Mission**: Lead the global nursing community in cancer control.

• **Vision**: Maximize the influence of nursing to reduce the global burden of cancer.

Core Values

• Excellence
• Equity
• Integrity
Strategic Directions & Goals

ISNCC is focused on the following strategic directions:

• Develop and engage nurse leaders
• Influence global health policy
• Advance and apply knowledge
• Transform member relations
ISNCC Partnerships

International Partner Organizations

- Asian Oncology Nursing Society (AONS)
- European Oncology Nursing Society (EONS)
- International Psycho-Oncology Society (IPOS)
- Multidisciplinary Association of Supportive Cancer Care (MASCC)
ISNCC Partnerships

Memberships

• Union for International Cancer Control (UICC)
• International Council of Nurses (ICN)
ISNCC Membership

ISNCC Membership is available to cancer nursing associations, institutions, individual cancer nursing professionals and other professionals interested in cancer nursing worldwide in the following categories:

- Full Member
- Individual
- Global Citizen
- Associate

Memberships run on calendar year and expires December 31st of each year. Find out more at www.isncc.org/Membership
Membership Benefits

• Official journal of ISNCC
• Benefit of individual membership – electronic subscription
• Bimonthly publication
• Addresses problems arising in the care and support of cancer patients
• Subscription runs on calendar year, in parallel with ISNCC membership
• The journal offers unparalleled coverage of cancer care delivery practices worldwide, as well as ground breaking research findings and their practical applications
Membership Benefits

• A unique platform for nurses around the world to access educational materials that are directly relevant to nursing practice (complimentary for ISNCC members)

• Materials include:
Membership Benefits

• Sosido is an online platform for healthcare professionals to share published research and clinical knowledge, allowing members within a specialty community to connect and broadcast recent work or advances in their field

• ISNCC members will have access to the Sosido platform and receive weekly email digests summarizing all activity in the ISNCC community

• This benefit is optional and ISNCC members may choose to unsubscribe at any time
Membership Benefits – Networking & Conferences

• ISNCC Members are able to network locally, nationally and internationally with other professionals

• An annual International Conference on Cancer Nursing (ICCN) enables participants to showcase their research, share knowledge, skills and experiences

• Membership fosters and develops relationships with other healthcare professionals
Recent Conference Activities
Recent Conference Activities

• ONS Congress 2019 Exhibition, Anaheim, USA (2019)
