

GUIDELINES

OVERVIEW

The International Society for the Performing Arts' (ISPA) Global Fellowship provides one-year access to ISPA's extensive international network of arts professionals to emerging and mid-career leaders from the global performing arts community, with particular attention paid to applicants from developing economies. Participants join the ISPA membership and participate in the New York ISPA Congress (in-person or online) where they engage in the development and exchange of ideas with leaders from some of the world's most significant presenting organizations, performing arts organizations, artist management agencies, cultural policy groups, foundations, festivals and related professionals.

This opportunity is intended for those working in the management of the professional performing arts. Performing arts professionals who are deeply committed to increasing the global connectivity of the performing arts industry, as well as those who take initiative in their own professional development, are most likely to benefit. In considering applying, please be aware that the ISPA Congress is not a traditional arts market and opportunities for self-promotion are limited.

The Fellowship consists of four components:

Membership in ISPA	Fellows gain access to all ISPA member benefits including year-round online programming (ISPAconvenes and Genius Bar) and exclusive content on the ISPA website and newsletters.
ISPA Congress	Fellows participate in the New York ISPA Congress where they get the opportunity to engage in the development and exchange of ideas with an extensive global community of arts leaders.
Fellows Seminar	Fellows participate in Fellows-specific programming. This programming aims to cement a Fellows network through a series of peer to peer conversations and workshops.
Ongoing Networking	Fellows are paired with a current ISPA member as part of ISPA's Community Building Program. Current members welcome Fellows to ISPA and help facilitate their participation.

Program dates:

ISPA Membership (2023)	October 2022 – December 2023
New York 2022 ISPA Congress	January 10 – 12, 2023
Fellows Seminar	January 9, 2023

ISPA would like to thank the **Andrew W. Mellon Foundation** and the many **Challenge Campaign donors** who make this program possible.
