International Society for the Performing Arts (ISPA)

ISPA is a global network of more than 500 leaders in the performing arts with representation from more than 52 countries and all regions of the globe. ISPA members include facilities, performing arts organizations, artist managers, competitions, funders, consultants and other professionals working in the performing arts.

ISPA Congresses 100 Strong!

For the past nearly 75 years ISPA has brought together performing arts leaders to discover the next great idea, strengthen relationships, and rejuvenate their passion for the arts at ISPA Congresses. In 2017 we celebrated ISPA's 100th congress in Montréal! Join us as we continue our storied history and chart into a hybrid future.

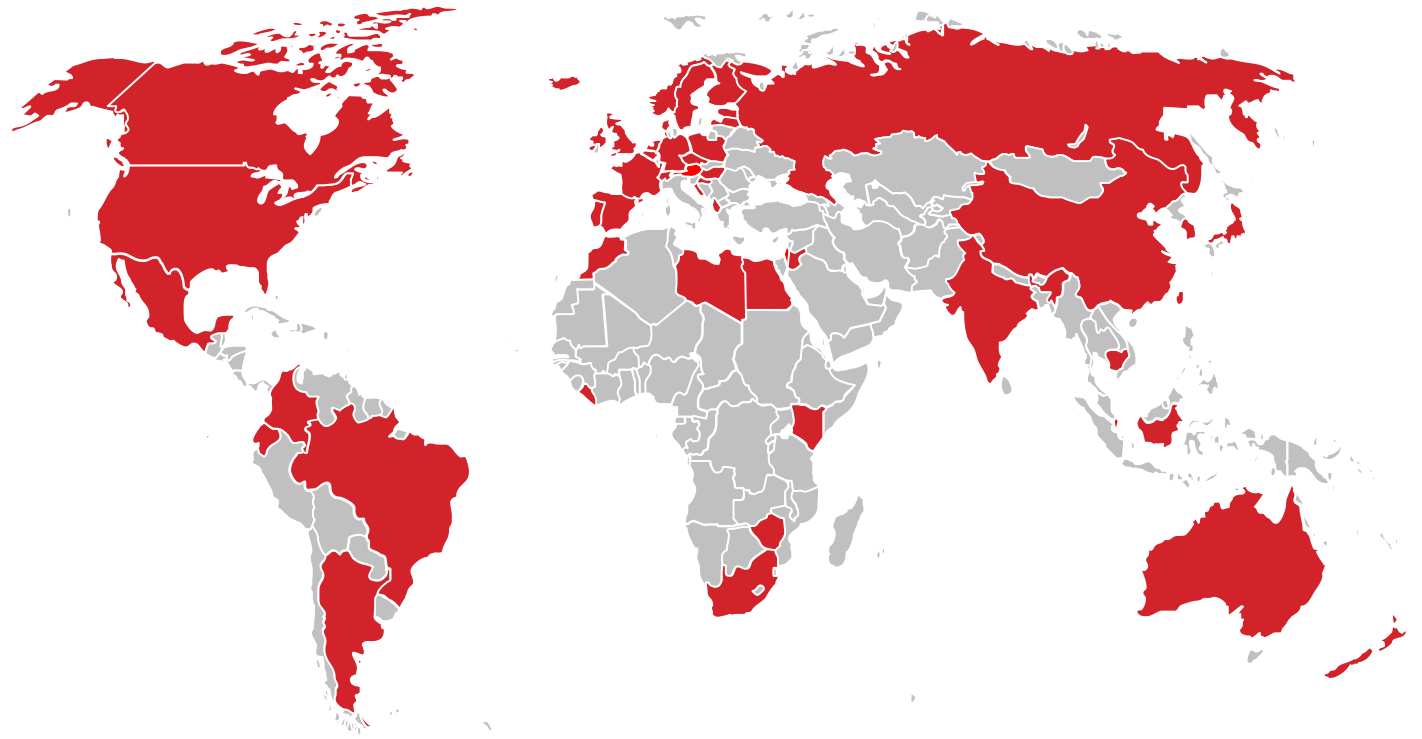

ISPA's audience is the most diverse group in the performing arts conference circuit

At the New York 2020 Congress ISPA hosted over **600 delegates** from **50 countries**. For the New York 2022 Congress we expect a similar crowd, with 300 in-person and 300 online!

ISPA Congress delegates have the opportunity to cultivate meaningful relationships with one another through various activities such as the ProEx Exhibition Hall, the exchange of new works through the Pitch New Works program, networking at receptions and online through the congress app, and in small delegate-led themed discussions at Coffee Klatch.

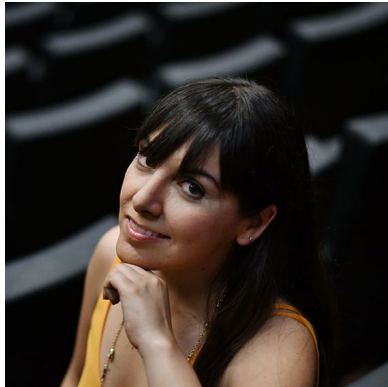

The map on the right represents the international diversity of the New York 2020 Congress. **Put your company on the map by becoming an ISPA Congress sponsor.**
