International Study Group on Diabetes in Children and Adolescents (ISGD*)

2nd annual meeting, June 25-26, 1976
Han-sur-Lesse, Belgium

Prof Harry Dorchy, MD, PhD, Doctor Honoris Causa
Université Libre de Bruxelles, Belgium

Co-convenor, with his mentor Prof Helmut Loeb, of the 2nd ISGD meeting in 1976 (Han-sur-Lesse, Belgium)
The 1st annual meeting was organized by Zvi Laron on April 1975 during the 3rd “Beilinson Symposium” (Israel)

* Future ISPAD
The place of the meeting was chosen because of the calm in a beautiful environment, and for the price accessible for everybody in a familial atmosphere.

Of course it was not the luxury of the hotels reserved now for ISPAD...
The 3 “L” Loeb (Brussels), Laron (Israel), Lestratet (France), founders of the International Study Group on Diabetes in Children and Adolescents (ISGD), in Paris in 1974
