ISSX MDO 2022

Diversity in DMPK – the science and the scientists

Westin Seattle, Seattle, Washington, USA | September 11-14
The International Society for the Study of Xenobiotics (ISSX) and the International Symposium on Microsomes and Drug Oxidations (MDO) are jointly organizing a meeting which will convene at the Westin Seattle this September 11-14, 2022.

At this international meeting, researchers will convene for four days to present their latest research in the areas of study related to drug metabolism, drug safety, and drug development.

This meeting strives to bring individuals who are actively working on drug/xenobiotic research in diverse fields, including basic and clinical pharmacology and therapeutics, toxicology, oncology, endocrinology, physiology, biochemistry, medicinal chemistry, molecular and structural biology, and genetics. This is a great opportunity for attendees to learn, network, and collaborate with renowned, international scientists.

If your company’s products or services support research in these areas, we encourage you to make plans now to meet your future customers at the ISSX/MDO 2022 Meeting.
ABOUT ISSX & MDO

The International Society for the Study of Xenobiotics (ISSX) was founded to advance research and education on the interplay of living systems with medicines and chemicals for the benefit of society worldwide.

ISSX represents an international base of 1,100 members from more than 45 countries. Members are comprised fairly evenly between academic and industry groups and consist primarily of research scientists and future scientists in toxicology, pharmacology, molecular biology, and other disciplines related to the study of xenobiotics. As the foremost organization representing the interests of researchers and educators in DMPK (Drug Metabolism and Pharmacokinetics) and other related areas of research, ISSX is engaged in multiple activities to support, promote, and advance the science throughout the world.

The International Symposium on Microsomes and Drug Oxidations (MDO) is an international symposium series for the science of drug metabolism, drug metabolizing enzymes, and related areas.

This is the second co-organized meeting for MDO and ISSX and it provides an extremely valuable and truly unique opportunity for researchers to gather and exchange ideas and expertise.

**Purpose** By providing opportunities to interact with a broad representation of researchers interested in the advancement of the science, this meeting allows exhibitors and corporate supporters to reach decision-makers who purchase your products and services. Therefore, the meeting organizers are committed to fostering and improving their relationship with exhibitors and sponsors to ensure the future success of programs. Guidelines for our interactions with exhibiting companies and other corporate supporters ensure that all parties are treated fairly and equitably while maintaining the rigor and integrity of our programs and activities.

**Marketing and Sponsorship Opportunities** ISSX and MDO will publish a comprehensive guide to activities designed to elevate awareness of exhibiting companies and their products and services among ISSX and MDO members. We encourage exhibitors to differentiate themselves from other companies competing for the time of our meeting attendees and to elevate your brand by being a meeting sponsor.

**Ancillary Meetings and Social Events** Gatherings and events, including those that are purely social in nature, should be scheduled through the ISSX Meeting Manager so as to avoid any conflict with any scheduled event, educational or social, in the meeting program. Exhibitors and sponsors should consult with the ISSX Meeting Manager to ensure that this criterion is met. No ancillary meeting may be held without the review and approval of ISSX and MDO and no function may conflict with any part of the official ISSX meeting program. Requests may be made via submission of the Ancillary Meeting/Function application form located on the meeting web site.

**Exhibitor’s Representative** The Exhibitor will name one (1) individual as the duly authorized representative in charge of the exhibit. This individual will assume responsibility for all arrangements with ISSX and MDO and the official meeting and general service contractor. In addition, this individual will receive all official correspondence from ISSX referring to the exhibit and will be responsible for communicating this information to registered personnel from the exhibiting company and other third-party contractors.

**Exhibiting Personnel** All exhibitors must register for badges. Two complimentary full access badges are included per each 10’ x 10’ exhibit stand space. Additional badges may be purchased at discounted rates. Exhibitors who wish to attend short courses or the Tuesday evening networking happy hour must register separately to attend these activities. Exhibitor personnel must register via the meeting registration site no later than Monday, September 5, 2022. Exhibit stands must be staffed at all times during official exhibition hours.

**Exhibit Materials** The exhibitor agrees to arrange their exhibit so as not to obstruct or interfere in any way with the general view or the view of the exhibits or other exhibitors, or the free passage of spectators. No materials can be placed outside the confines of your booth; should you choose to remove your side walls, no materials may cross the line where the side rail was. In-line, perimeter and peninsula booths cannot exceed a height of 8’ tall. It is the decision of ISSX and MDO Management as to what constitutes such obstruction or interference and their decision is final. Should show management have to physically move an exhibit, the exhibiting company will be responsible for any and all related costs.

**Admission** The meeting organizers shall have sole control over all admission policies at all times. Any person visiting the exhibits or attending any function of the meeting will be required to register and wear an appropriate badge while in attendance. Exhibitors are permitted inside the exhibition area one (1) hour prior to the exhibit hall opening each day in order to prepare their exhibits.

The exhibitor and/or the exhibiting company will be held liable for any damage resulting from such violation. All space is leased subject to these restrictions. The meeting organizers have the right to terminate an exhibitor’s rights pursuant to this contract at any time after discovery of a violation of this provision.

Violation of any of these regulations on the part of the exhibitor, company employees, or agents shall annul the right to occupy space, and such exhibitor will forfeit all monies that may have been paid. Upon evidence of violations, the meeting organizers may re-enter and take possession of the space occupied by the exhibitor and may remove all personal items at the exhibitor’s risk. The exhibitor shall pay all expenses and damages that the meeting organizers may incur thereby as a result.
