EXPERIENCE IN THE FIELD OF EDUCATION

We **Tapovan Youth Alumni Group Trust (TYAG)** have been involved in the management of **Tapovan Sanskarpith Residence School** and **Tapovan Vatsalyadham day school** for many years, under the guidance of Guruji and trustees and blessings of Guruma. Also managing **Tapovan pre- Schools** in different areas of Gujarat, 3 School in Ahmedabad at Sabarmati, Paldi, Satellite, One at Anand and One at Vadodara. Currently more than 800 boys and girls are getting education in the different branches of Tapovan School. Thus we have many years of experience in the field of education.

Yugpradhan Acharyasam Param Pujya Pannyaspravar **Shri Chandrasekhar Vijayji Maharaj Saheb** has established Tow Tapovan for boys in Navsari and Ahmedabad and there are many such organizations functioning today which focus only on educating and educating boys. On the other hand, there is no such organization for Jain girls. For a long time now there has been a growing demand for an institution like Tapovan for the daughters of Jain rule and we believe that there is an urgent need for such an institution which is focused on educating the girls through sacraments.

The daughter is the savior of not one but 2 clans. The daughter's contribution to the preservation of our culture and religion is paramount. If the daughters are equally cultured, the cult in their offspring and family will come automatically. Only by teaching in a Jain school will the daughters get a good environment and stay away from outside evils. If the daughters too are educated then their attachment towards patriotism, love of government and culture will automatically come in the coming generation.

The only way to inculcate such values in our daughters is to save them from the worldly evils of modern life through an institution that imparts the same education with the sacraments based on our Jain values.
