**JAINA Women’s Committee** has been established in JAINA

It is Globally Relevant, Socially Responsible and Locally Reachable!

**OUR Mission**
1) To provide a platform to all women followers of path of Ahimsa/Jain way of life to organize as a group.
2) To promote personal growth, social wellbeing and spiritual progress of all women
3) To promote peace and harmony at different levels- family, community, nation and international through nonviolence/Ahimsa
4) To collaborate with other women groups to work towards common goal of promoting peace.

We have a national committee, and will be establishing local chapters at every center. Female community leaders will be spearheading the local activities.

**Our Purpose**
As women we have to learn to value ourselves. It does not depend on how someone else thinks of me but what do I think of myself that is what counts the most.

We would like to provide a platform where women can gather, discuss everyday issues, problems, be involved in creative activities, network and socialize in intellectual way.

Every Jain woman can join the group. There is no fee. Please contact us for further information.
